Islands Brygge,

Le Bureau de BIARRITZ takes its name from the coastal city of Biarritz – where land meets sea, and life flows in a calm, timeless rhythm.

The Bureau (Cabinet-Desk) is conceived as a personal vessel: a space for reflection, work, storage, and rest, gently anchored at the heart of everyday living.

Inspired by the form of a boat and the spirit of seaside living,

this piece transforms daily function into an emotional landscape – a serene harbour where contemporary life comes to rest.

Carried by the wind,
gliding through the waves
