\$39 single session

Red Light Therapy sessions are by appointment only.

There is a 24 hour cancellation policy on all Red Light Therapy sessions due to limited space. Providing less than 24 hour notice will forfeit one of your Red Light Therapy Sessions. If an emergency arises, we cannot promise your missed session will not be forfeited, but we will do our best, while we also expect our members to do their best to cancel early and notify us so we can open the spot up for others. Monthly memberships are deeply discounted, and sessions do not roll over, but we can pause your membership if you are experiencing an unexpected long term medical emergency.
