

10/2024 Year 2

“Jonah is a pure competitor. His development and competitive progress over the past year has been astonishing. He is performing at a very high level for the ETURE FC First Team. I would highlight his composure on the ball in construction, his tactical awareness, and his commitment to defensive tasks. On top of his competitive level, he is a great person and teammate who will make important contributions both on and off the field.”
