## Henry Semph leads successful Eagle Project at Pace Bend Park

Henry Semph, a member of Troop 52, recently spearheaded a significant Eagle Project at Pace Bend Park. The initiative, led by Henry Semph, aimed to install an AED Box under a small pavilion, enhancing emergency safety measures at the park. Henry recognized the importance of this addition, especially considering the park's remote location. With the support of numerous scouts and adult volunteers, the project was successfully completed.

Henry's dedication to improving safety at Pace Bend Park was evident throughout the planning and execution stages. His collaboration with advisors and park authorities ensured the project's smooth implementation. On the day of the project, Henry's leadership skills were on full display as he effectively coordinated the team.

The installation of the AED Box stands as a testament to Henry's hard work and leadership. This project not only benefits the park visitors but also highlights the positive impact of Eagle Scouts from Troop 52. Henry's meticulous planning and exceptional leadership have made Troop 52 proud.
