

# Vibe Aerial Insights, LLC

- VAI is a drone company with military SPECOPS-Intelligence background that specializes in geo-spatial applications.
- The most relevant and capable technologies and production platforms have been researched in great detail to provide the highest quality product on the market.
- VAI business focus is split between aerial drone services and in house training. We are dedicated to reskilling civilians and prior military into this \$100B industry.

## *Vibe Aerial Insights, Co-Founders*
