VO:

Entertain and enrich your cat's life with a great new toy, the BERGAN TURBO TRACK.

This easy to assemble toy features bright green tracks and an indestructible ball that rips, rattles and rockets around curves and corners in a way that no cat can ignore.

You'll really enjoy watching your cat steer the ball around the racecourse, through the hills and over the arches. And because the pieces easily lock together you can create dozens of racecourses and configurations that will amuse your cat for hours.

Remember, when your cat is having fun indoors and exercising at the same time your cat is happy and there's less urge to scratch and destroy furniture. And that'll make you happy too.

So ladies and gentlemen, start your engines! Pick up TURBO TRACK today, guaranteed to provide hours of feline fun. Exclusively from PetSmart.
