

Kamala's Kriminal Konduct

Approving, participating and promoting slavery in America.

Kamala Harris, given actual notice in October 2020 and constructive notice in July 2021 that California's prisoners are confined without authority -in violation of the Laws and Constitutions of California and the United States- has remained silent and taken no action to correct this travesty of justice.

Ms. Harris, exercising power without authority as a prosecutor, since 2009 participated in the illegal prosecution and imprisonment of thousands of persons and, her failure to act to correct the injustice, are violations of her Oath of Office as an Officer of California and Vice President of the United States.

Any government employee so acting is guilty of misprision of felony (18 U.S.C. § 4) at the least and treason at the worst.

No Question!!" July 8, 2021; "Legal Notice" San Francisco Chronicle and other publications July 17-31, 2021 at **withoutoneplea.com**.
