Underground Drainage to BS EN 1401

**Underground drainage
from major
manufacturers
in 110mm and 160mm.**

Excellent stocks.

**Crate systems for a attenuation
and soakaways.**

**Experienced and knowledgeable
staff will be able to help.**

Soil & Waste

110mm Soil pipe and fittings.

**Waste pipe in
50mm/40mm/32mm
Waste fittings to suit.**

**Traps, air admittance
Pan connectors
soil and waste accessories.**

Twinwall Drainage

Commercial or Agricultural Applications.

Perforated land drainage.

Large diameters which are available from stock. Up to 600mm.

A full range of fittings and gullies.

Channel Drain

**A variety of grades
and styles always
held in stock.**

Heavy duty.

**Domestic, Standard & Brick Slot
Channels.**

Plastic.

Metal.

Special order items.

Manhole Covers

Wide Range A15–F900.

Heavy Duty Ductile Iron.

**Galvanised Inset
& Domestic Light Duty.**

Gully Grates.

Always Available from Stock.

Water management

Attenuation systems for a variety of uses and can offer cost effective alternatives for storage and soakaways.

Installation service with a full warranty.

Flow control units, orifice plates and headwalls.

Grass Grid

Domestic

Commercial

MDPE

Coils and sticks of small bore and large diameter MDPE pipe fittings, valves and pipes supplied for the following applications:

Potable water

Barrier pipe

Fittings

Recycled & harvested water

Foul water

Gas

Bespoke Services

Fabrication

● **Catch Pits**

● **Valves**

● **Chambers**

● **Junctions**

● **Adaptors
& Saddles**

● **Bends**

A full take off quotation service is available. We can even design and assist in cost savings specification changes.

Sewage treatment

We specialise in the supply and specification of many sewage treatment solutions, from septic tanks and cesspools.

Biodisc sewage plants.

Aeration sewage plants.

Septic tank conversions.

from small domestic, to large industrial systems.

Environmental tanks & pump chambers

We can also help with sewage pump chambers where the best solution is to get on the mains sewer.

Commissioning and set up from in house engineer.

Interceptors and separators for car parks, forecourts and wash down areas.

Recycling valuable rain water with rainwater harvesting tanks for domestic or commercial situations.

Geosynthetics

Geotextiles

Wide range of both woven and non-woven geotextiles available from stock for separation, protection, filtration and drainage applications as well as products for horse arenas/gallops and contamination indicators.

Geogrids

Biaxial geogrids for reinforcement of roads, foundations, working platforms, plus Uniaxial geogrids for reinforced slopes and walls

Cellular Confinement products

These three-dimensional products have a multitude of uses. They can be used to retain soil on steep slopes or enable the construction of roads and car parks in sensitive tree-root protection zones by providing a no-dig solution and avoiding disruption to tree roots

Clay Liners

Ease of installation and self-sealing properties of clay liners lead them to be regularly used for many water containment applications.

Erosion Control Mats

Permanent and biodegradable erosion control mats provide slope protection and encourage vegetation to become established.

Gabions

Rockbox welded wire mesh gabions enable the construction of retaining walls and can assist in flood protection.

Asphalt Reinforcement Grids

Geoglas polymer coated glass-fibre grids prevent reflective cracking and extend the life of new bituminous layers on roads

Technical support and guidance

Free preliminary calculations and technical recommendations to provide you with a complete solution according to your project needs, for applications such as reinforced roads, reinforced earth walls and slopes, gabion walls and working platforms.

Fascia & Soffit

Fascia Boards in a variety of profiles and colours.

Soffit Boards, Vented Soffit and shiplap cladding.

Eaves Trays, Bird Combs and Over Fascia Vents.

uPVC Window and Door Trims.

Coloured & Woodgrain Fascia and Soffit Boards

ROOF LINE

**Stainless Steel Nails and Pins
Corners, adhesives
and accessories.**

Guttering

Half round

Deep style

Industrial

Profiled

Square

Cast Iron Style

in all colours, many from stock

**Special fabrications
and PVC Welding
manufactured to your
specification.**

**Aluminium & Cast Iron
Rain Water.**

Cladding Materials

Fibre Cement Cladding.

Composite Cladding.

Plastic Cladding.

Roofing Materials

**GRP Fibreglass Roofing
Products.**

Dry Verge.

Breather Membrane.

Ridge Kits.

Ducting

Specialist stock of all ducting systems including fibre and telecoms, UK Power approved ducts.

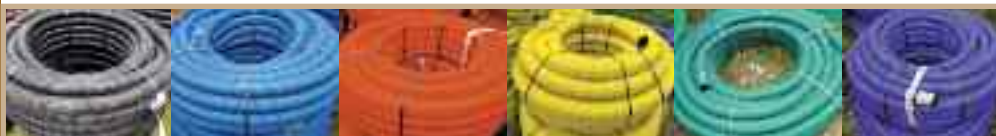

Full range of Boxes and Fittings.

Ducting coils & sticks from 38mm to 300mm in Stock.

A complete range for all applications

Clay Drainage

Full stock of pipes, fittings, gullies and channel up to 300mm.

We can also advise on
and organise
ex-work deliveries.

Concrete

Only available to order

- *Rectangular Sections*

- *Concrete Drainage*

A full range of kerbs & edgings

Block paving, bollards and street furniture also supplied.
