

# Franktown Wildlife Q&A

## Wednesday 8/31 at 7:00 pm

Please join Matt Martinez, our DOW District Wildlife Manager, and Sergeant Castellano of the DC Sheriff's Office Community Resource team for an informative presentation on living with wildlife in Douglas County, followed by a Q&A session.

Topics covered will include:

- Best practices when interacting with wildlife
- What is and isn't legal when dealing with wild animals, both predators and prey
- How we as a community can successfully mitigate our wildlife interactions

There will be an agenda provided for this moderated meeting outlining specific goals for the evening and laying out a code of conduct for all those attending.

All Franktown residents are welcome.
