

Private or Public Event?

Private Event: (up to 11:00 p.m.) As a private event, the area that you rent (wine house, brick oven area and/or pavilion or entire vineyard) is private for your event. In addition, you can have multiple designated tables for your guests (food, gifts, sign-in, etc.) and we can rearrange tables to meet your needs. Only your guests are invited into your rented area (restroom exception). As a private event, you can have your event for more than 2 hours (see rental fee sheet). Wine club members receive discounted rates.

Public Event (between 11:00 -5:00) As a non-private event, the area that you occupy may have uninvited guests that are in and out of your event which may include children; in essence, we are open to the public. No food tables, gift tables, etc. are allowed for a Non-Private event. A good example of this may be a small gathering of friends when it doesn't matter who else may be in your area. As a non-private event, you may stay in your area up to **two hours and** extra tables/chairs are not allowed.

Examples:

1. *I want to plan for a baby shower or rehearsal dinner or birthday party or retirement celebration.*

This event generally requires multiple designated tables for gifts, sign-in, pastries, etc. In addition, privacy is preferred. Therefore, this is considered a Private Event.

2. *I want to plan for a small friend gathering (<10 people) when Lara Vineyard is not open to the public.* This event generally does not require multiple designated tables for gifts, sign-in, pastries, etc. and complete privacy is not required (the area is open to the public). This type of event does not require a rental fee for the facility, but we ask for minimum purchase of a wine tasting per person. This type of event must conclude by 5:00 p.m. This is an example of a non-private (Public) event

3. *I want to plan an event after 5:00 and when Lara Vineyard is not open to the public.* This event is considered after hours. Therefore, it is considered a private event
