

COVID-19 STUDENT RESPONSE NETWORK

VOLUNTEER MANAGEMENT
CONSULTING FOR CHARITIES AND
SOCIAL ENTERPRISES

The charitable sector
is one of the worst hit
globally by COVID-19.

In response, we're recruiting talented students from top
UK universities and connecting them with struggling
charities who need help more than ever.

Projects will run for varying lengths through summer with
an expected time commitment of 3-5 hours/week.

They are designed to create new opportunities for both
the student consultants and the clients.
