

**LIGHTHOUSE COMMUNITY**  
**Dump Information – Where To Take Debris**

Dear Resident,

We are looking forward to the Community becoming cleaner with fewer hazards! Our goal is a clean and safe community for all with NO debris and no hazardous items.

We realize that Debris rules have been in place for years. However, we have a ‘no tolerance’ policy for rules violations and must enforce the rules on a weekly basis to achieve our community goal! Help our community shine! A Cleaner Community = A higher Pride of Ownership to call Lighthouse Community home.

To assist with information, the following is how to drive to the DUMP SITE.

- The [Mesquite Creek Landfill](#) is located at FM 1101 and Kohlenberg Rd.
- Cost is \$100 for 0 to 3000 lbs.
- Safety vest is required for anyone dumping.

*Thank you, Lighthouse Management.*
