Success Stories	<p>The work of the CCNC is a great benefit and resource for child care providers. Most programs were in contact with our BH Child Care Nurse Consultant for support with their very specific questions and scenarios related to COVID. She was a huge support to them. The skillset of a CCNC and in a Pandemic was a crucial support that provider appreciated having someone be able to connect with and gain more knowledge and reassurance! She was also very supportive in TA provided for a home provider that had to be evacuated because of a gas tanker hitting a nearby house of a registered child care home.</p>
