YEAR END ONLY: % of special health care needs with a special needs care plan in place				
YEAR END ONLY: % of programs receiving CCNC services that improve health and safety conditions in their early learning environments				
YEAR END ONLY: % of participants that report increased knowledge as a result of HCCI trainings				
Barriers Encountered	Getting into homes. Currently working on a weather radio giveaway if they allow me to come observe a tornado drill. Also working on activities other than toothbrushing and handwashing that I could provide.			
Success Stories	Received 14 responses within two weeks to the Special Health Care Needs letter I sent out. Provided 9 centers/homes an oral health activity using a dinosaur and large mouth for toothbrushing demonstration during Oral Health month in February. Each participating child received a new toothbrush. Completed 4 Health and Safety Checks for centers/homes who are working on IQ4K. Obtained 11 new BPAs. 7 in one night prior to the training I was providing.
