Output Measures:

# of Intakes Processed		336		
# of Families that Rec'd a Referral		46		
# of Intakes Referred to a Program or Service		46		

<p># of Families from Row 26 that Enrolled in a Local Program</p>		<p>16</p>		
<p># of Families from Row 26 that DID NOT Enroll in a Local Program</p>		<p>30</p>		
<p>Reasons Reported for Not Enrolling</p>		<p>Some Intakes have not been returned with enrollment (denial or acceptance) information from partner agencies. I had to count them as "not enrolled" because I do not have confirmation on acceptance or denial of services. Reasons for non enrollment as per outcome from partner agencies are: agency could not reach or get response after initial intake, client is no longer interested in services, inability to reach client.</p>		

<p>Number of Entities that Outreach was provided to about Coordinated Intake</p>		<p>10</p>		
<p>List of Entities that Outreach was Provided</p>		<p>Mercy One, Mercy One Midwives, Unity Point, Unity Point Maternal Health (Midwives), People's Clinic, Alternatives Pregnancy Center, Allen Child Protection Center, University of Northern Iowa Social Services Dept., Unity Point Behavioral Health, Iowa Drug Treatment and Family Courts</p>		
<p>Barriers Encountered</p>	<p>Occasionally a family will feel that home visitation programs are similar to state involvement and be turned off of the process. Occasionally families will give unreliable contact information and we will be unable to reach them following a referral. Occasionally we run into language barriers but I have updated all of my paperwork to reflect 13 languages (currently) so that we can still screen these families. Occasionally I do not get updates from partner agencies regarding families referred, but this is often due to them continuing to try to reach the family or the family has shown interest but has not completed referral information yet.</p>			
<p>Success Stories</p>	<p>Many clients were able to get critical access to physical resources they would have been unable to. Many were enrolled in (and still participating in) a Parenting Partner program and now have support and access they would not have had otherwise.</p>
