Output Measures:

# of Intakes Processed	276			
# of Families that Rec'd a Referral	60			
# of Intakes Referred to a Program or Service	60			

<p># of Families from Row 26 that Enrolled in a Local Program</p>	<p>25</p>			
<p>Reasons Reported for Not Enrolling</p>	<p>Number of families enrolled in programs may not reflect accurately due to local programs still reaching out to families and not yet providing an outcome.</p>			
<p>Barriers Encountered</p>	<p>Due to policies at the hospital, when there is a patient at the hospital that is covid positive I have been making a phone call to their room. It can be difficult to get the signed release of information form back. This can take a few days so it slows down the referral process a bit.</p>			
<p>Success Stories</p>	<p>I met with a mom who had just recently moved to the United States. She was unfamiliar with resources and had only been here a couple weeks. An interpreter was used at the hospital to set mom up with home visiting for additional support. A car seat was also provided for mom through the Baby Safety Program at Family and Children's Council.</p>
