Barriers Encountered	1. COVID-19 continues to be our biggest barrier this quarter with numerous child care centers and homes having staff and/or children testing positive. Emails and/or phone calls were utilized to check on health status of centers and homes.							
Success	<p>1. Utilizing the health and safety protocols provided by the IDPH, the CCNC was able to resume QRS Tools - Child Record Review and Injury Prevention.</p> <p>2. Covid-19 has forced many of us to learn and utilize Virtual Learning. Virtual learning classes were scheduled for continuous learning opportunities and updating requirements. Virtual meetings were scheduled for administrative purposes and peer to peer support. Noteworthy results reveal an increased CCNC technical assistance services from non-registered home care providers, non-participating QRS child care homes, and non-</p>

participating QRS child care centers. Child care providers were able to attend "zoom" classes and meetings from different counties and still receive credit for course work completed and/or updated information from guest speakers. Virtual communication is convenient and some benefits include: no travel time, ability to stay home due to inclement weather and still attend virtual/zoom class, low cost or no cost for class, decrease risk of exposure to diseases, and opportunity to converse with speaker and/or have group discussions .
