# of Early Learning Programs Participating, unduplicated	218		202		201		148	
# of Programs Meeting their Goals, Report at Year End	282							
Barriers Encountered	<p>In 4th Qtr. BH center programs continue to struggle to hire and retain staff. CCR&amp;R continues to advocate and work with others in our community and state for solutions to this nationwide barrier. CCR&amp;R system continues to advocate and seek out solutions from other directors and programs and take info pieces from Iowa Works and other resources related to this nationwide problem. Some providers have had their Renewal and New Registration application process take much longer than typical in DHS process. These issues impact not only the provider's livelihood of caring for CCA families and having their payment disrupted or not able to start in care yet. Families can struggle and not be able to attend child care until a provider's registration is approved or renewed.</p>							
	<p>Additional consultation services to BH programs was provided by Regional CCR&amp;R Consultants that supported programs and teaching our new staff with 81 TA &amp; 25 onsite visits this quarter. Consultation support was able to help a home provider set goals and make progress to change her home enrolment and make changes to support quality</p>							

Success  
Stories

make progress to change her home environment and make changes to support quality practices and support environments for the children in care. The provider also worked to make changes to her program policies to meet new CNET 3.0 and higher quality practices. Consultation support has supported programs with TA related to biting concerns, staff development, and applying for the IICC grant process. Some BH programs were approved for this grant.
