	<p>This year has been a challenge for all child care centers. We have had to learn many new techniques for caring for our children, families and staff as well as our building and cleaning techniques. At times, financial concerns have been a challenge but thankfully the PPP money and grants saved us. Families as well as employees are dealing with extra stress that comes with such unprecedented situations. We offer referrals to local agencies for anyone needing extra help. We are making sure communication is open with staff to hear any concerns they may have. The guidelines have eased and we are able to get back to some semblance of normal but we are concerned about the new variants and keep a watchful eye on the CDC and Black Hawk County Health Department advise. Continued expenses are accruing for cleaning supplies such as paper products and extra staffing needed. Once it is safe we will switch back to regular plates and cups and not have the expense that goes with buying all the paper products.</p>								
	<p>The funding we have received has been an absolute life saver for our center and the children we serve. Many of the families have shed tears when we told them that they were eligible for CVP funding. You can only imagine the relief this funding gives to families that are struggling through this pandemic. It means the world to them. They cannot afford quality childcare but they have to work so they are stuck in a cycle that has no good ending. This program gives families piece of mind knowing their children will be in a quality child care setting. Every child deserves quality child care and we are so appreciative of Cedar Valley Promise's continued support that helps those families receive just that. Cedar Valley's Promise has made a huge impact on children and families. We are forever grateful!</p>
