Barriers Encountered	We continue to have some difficulties with the applications and enrollments because of language barriers. This is a issue primarily with our Burmese families. We are working with interpreters, but still run into many frustrating moments for both our office and the families. .						
Success Stories	<p>We had a parent call us last month very unhappy with the child care center she had her son at saying he would come home with unexplained injuries that no-one would inform her about and her thoughts were that she was working to pay child care expenses and barely making ends meet so why wasn't her child being cared for properly?</p> <p>When she reached out to us, we explained about the different scholarships available for her to apply for, mom was super excited! Being a single mom of two, every dollar counts and she is trying very hard to do this without state assistance. Needless to say she did qualify and she is so happy that she is saving \$300.00 per month on child care! Now she will be able to find a more suitable place to live, where her children will have access to an outside play area in a safe neighborhood. Not to mention, her little boy is usually afraid of or shies away from men, and has made a buddy with our Director of Operations &amp; Development, Ed.</p>
