% of Households who Utilized Additional Concrete Supports		77	77	
Barriers Encountered	Q3: We began this quarter using paper documents and later switched to electronic documentation. There was a learning curve there, but most issues have been worked out. Outreach Specialists are spending quiet a bit of time filling out the Qualtics surveys.			
Success Stories	Q3: This quarter our Service Coordinators and Outreach Specialist attended a meeting with several medical professionals from around the Cedar Valley and other Social Service Agencies. This was a great opportunity to provide information about CVPP and how we can connect with other providers in the community.
