HISPANIC VOTERS ARE THE KEY

Hispanic voters are the fastest growing group of voters in the country. For too long the Republican establishment has been ignoring their votes, ensuring that the Democrats almost always farm these free votes for their success. Hence, we can no longer afford to ignore our Latino Americans! We need to undo decades of radical propoganda and lies from the Left. The “conventional” Republican approach is NOT going to work. We can no longer hope to win, ignoring entire communities, while the Democrats fight to steal votes from the inside.

The **Latinos For Trump 2020** Organization knows that if we can win over just a small percentage of the Hispanic Vote, we can win Every election! We see through the lies, racism, and greed of the Democrats, and we recognize the opportunity the Republicans are squandering by ignoring this key group of essential American Voters.

WE MUST ENGAGE HISPANIC AMERICANS AT THE VERY FOUNDATIONS OF THEIR TIGHT-KNIT COMMUNITIES

HOW IMPORTANT IS THE 2020 ELECTION?

Conservative voter turn-out is not only crucial in securing President Trump’s re-election bid, countless local and state campaigns are at stake. Hispanic voters are going to be the key element in the 2020 race. The Republican party can’t risk missing out on the opportunity of securing this voter base. It’s time we take them back from the Democrats and their divisive lies! If we could reach just a few thousand Latino voters, our country would have a conservative revival like never before. Before we started employing the Democrats’ strategies against them, certain Hispanic districts were guaranteed to vote **Blue**, every single election, it wasn’t even close. Republicans avoided visiting these districts because they were already considered lost to the Democrats. We can’t afford to continue in that same mindset. Change is long past due!
