## **FOR IMMEDIATE RELEASE**

### **Latinos for America First Launches "Latinos Save America" Initiative in Key Battleground States**

Houston, TX - Latinos for America First, a leading grassroots organization dedicated to promoting conservative values and policies within the Latino community, is excited to announce the launch of its "Latinos Save America" initiative. This groundbreaking campaign will focus on mobilizing Latino voters in the critical battleground states of Nevada, Arizona, and New Mexico ahead of the upcoming elections.

The "Latinos Save America" initiative aims to empower Latino voters to make their voices heard and to support candidates who champion the principles of limited government, economic opportunity, individual liberty and Parents Rights. By engaging with Latino communities in these key states, Latinos for America First will work to increase voter turnout and ensure that the concerns and values of Latino conservatives are represented at the ballot box.

"Latinos are a vital and growing force in American politics, and it is crucial that their voices are heard," said Bianca Gracia, founder and president of Latinos for America First. "Through the 'Latinos Save America' initiative, we will work tirelessly to engage with Latino voters, educate them about the issues that matter most, and ensure that their values are reflected in the policies that shape our nation's future."

The initiative will focus on a comprehensive outreach strategy that includes door-to-door canvassing, phone banking, social media engagement, and community events and messaging in Spanish media. Latinos for America First will also partner with local Latino organizations and community leaders to build strong relationships and foster a sense of unity among conservative Latinos in these key states.

On Thursday, August 8th, Latinos for America First will host an X space across multiple platforms, including YouTube, where many Latinos receive their information. The organization will call on Latinos to vote and highlight the importance of standing strong against the leftist policies of Vice President Kamala Harris and her running mate, Governor Tim Walz, who are left-wing radicals.

Latinos for America First will encourage Latinos to join the movement, volunteer, and donate to help protect their country and traditional family values. The organization believes that it is imperative for Latinos to unite now and push back against these radical policies. We have over 100,000 volunteers, boots on the ground to swarm these states. Together, we Latinos, can do our part to save America.

"We believe that the Latino community is a natural fit for conservative values," said Gracia. "By working together, we can ensure that our voices are heard and that our values are represented in the halls of power."

The "Latinos Save America" initiative will officially launch with a series of events in Nevada, Arizona, and New Mexico in the coming weeks. For more information, please visit [LatinosforAmericaFirst.org](https://LatinosforAmericaFirst.org).
