SERVICES

FAVORITES

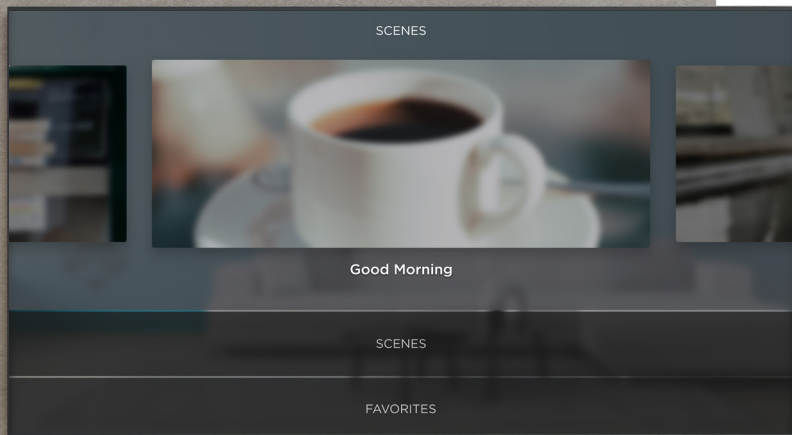

MAKE IT YOUR OWN

Your home. Your way. Control your home from the award winning Savant Pro app and create your own favorite channels and Savant Scenes.

BIG SCREEN CONTROL

Savant Home App for Apple TV delivers a full screen control center for your home on your big screen TV. Change the mood instantly with Savant Scenes or watch the kids swim in the pool.

SIMPLY POWERFUL

Choose a user-created Savant Scene to set the mood with lighting and call up your favorite music playlist all from a single button press, browse Services to navigate through all the entertainment, environmental, and security features of your Savant Home, or select Favorites to quickly call up saved cable or satellite TV channels and get even closer to the entertainment you love.

CONTROL OPTIONS

The Savant Home App for Apple TV can be accessed and controlled with any Savant Remote. With a Direct Control installation, the Apple TV remote can also be used for control.

SAVANT PRO REMOTE X2 QUICK LAUNCH FEATURES

The Savant Pro Remote X2, includes a quick launch feature to make it easy to activate and navigate the Savant Home App.

LIGHTING

Full control of any lighting fixture in your home, including visual feedback updated in real-time with Savant's Truelmage technology.

CLIMATE

Climate control is as easy as selecting the desired climate zone and adjusting the set points on-screen.

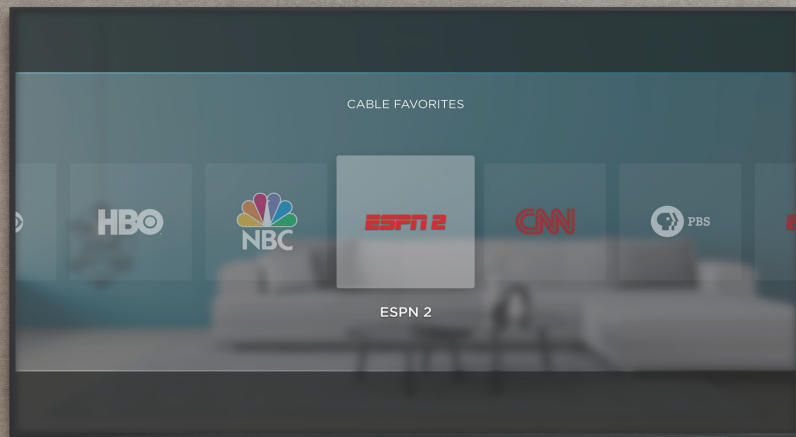

SECURITY CAMERAS

Peace of mind at the touch of a button. View your security cameras in full-screen resolution without leaving your couch.

SHADES

Shade control is as easy as selecting the shade and adjusting the height.

ENTERTAINMENT

Quickly navigate to favorite channels, access the cable TV guide, or launch other entertainment and gaming services.

RELAYS & COMMANDS

Your Savant Integrator can provide access to relays and commands to provide a deeper level of control of your Savant Home.
