Whereas the Declaration of Condominium for Olde Marco, A Condominium ("Declaration"), as recorded in OR Book 3291 page 48 *et sec.* was made by Marco Cat, LLP ("Declarant").

Whereas Declarant reserves the right in Section 7.2 of the Declaration to unilaterally modify, enlarge, amend, waive or add to the covenants, conditions restrictions and other provisions of the Declaration,

Whereas Declarant is the only party in interest as the sole owner of all units of the Condominium,

Declarant does hereby exercise that right and amend said Declaration as follows:

1. Section 4.4 is hereby deleted. The new section 4.4 shall be as follows:

4.4 Easements. The following easements are hereby created (in addition to any easements created under the Act):

(a) Support. Each Unit shall have an easement of support and of necessity and shall be subject to an easement of support and necessity in favor of all other Units and the Common Elements.

In addition, the Marco Cat Penthouse Condominium Association, Inc, the Marco Cat Penthouses, a Condominium and each Unit therein shall have an easement of support and of necessity and shall be subject to an easement of support and necessity in favor of all other Olde Marco, a Condominium Units and the Olde Marco, a Condominium Common Elements, as well as the that of all other Marco Cat Penthouses, a Condominium Units and Common Areas.

(b) Utility and Other Services; Drainage. Easements are reserved under, through and over the Condominium Property as may be required from time to time for utility, cable television, communications and security systems, other services and drainage and water management in order to serve the Condominium, and in favor of Marco Cat, LLP, the Olde Marco Island Inn & Suites, The Shops At Olde Marco, the Marco Café, and Marco Cat Penthouses, a Condominium, and all Units therein, and their successors and assigns for all necessary uses, as well as all necessary uses of the "Water House", otherwise known as a "Pump House," located on the South East end of the Condominium Property, and which serves the needs of such entities and their properties. A Unit Owner shall do nothing within or outside their Unit that interferes with or

impairs, or may interfere with or impair, the provision of such utility, cable television, communications and security systems, other service, or water management facilities or drainage facilities or the use of these easements. The Association shall have a right of access to each Unit during reasonable hours to maintain, repair or replace the pipes, wires, ducts, vents, cables, conduits and other utility, cable television, communications and security systems, service and drainage facilities, and Common Elements contained in the Unit or elsewhere in the Condominium Property, and to remove any Improvements interfering with or impairing such facilities or easements herein reserved; provided such right of access, except as necessary to prevent damage to the Common Elements or to another Unit or Units, shall not unreasonably interfere with the Unit Owner's permitted use of the Unit.

(c) Encroachments. If (a) any portion of the Common Elements encroaches upon any Unit; (b) any Unit encroaches upon any other Unit or upon any portion of the Common Elements; or (c) any encroachment shall hereafter occur as a result of (i) construction of the Improvements; (ii) settling or shifting of the Improvements; (iii) any alteration or repair to the Common Elements made by or with the consent of the Association or Developer, as appropriate, or (iv) any repair or restoration of the Improvement (or any portion thereof) or any Unit after damage by fire or other casualty or any taking by condemnation or eminent domain proceedings of all or any portion of any Unit or the Common Elements, then, in any such event, a valid easement shall exist for such encroachment and for the maintenance of same so long as the improvements shall stand.

(d) Ingress and Egress. A non-exclusive easement in favor of each Unit Owner and resident, their guests and invitees, shall exist for pedestrian traffic over, through and across sidewalks, streets, paths, walks, elevators, stairwells and other portions of the Common Elements as from time to time may be intended and designated for such purpose and use; and for vehicular and pedestrian traffic over, through and across such portions of the Common Elements and across driveways and entrances leading from the public streets to association property owned by Marco Cat, LLP, its successor or assigns, as from time to time may be paved and intended for such purposes; such non-exclusive easement to run with the land so encumbered. (No vehicle over three tons is permitted on such property granted as non-exclusive easement by Marco Cat, LLP for association or individual unit owners purposes, without prior written approval from an officer of Marco Cat, LLP) None of the easements specified in this subparagraph (d) shall be encumbered by any leasehold or lien other than those on the Condominium Parcels. Any such lien encumbering such easements (other than those on Condominium Parcels) automatically shall be subordinate to the rights of Unit Owners and the Association with respect to such easements. Marco Cat, LLP, its successors or assigns may mortgage the property it has herein granted an easement upon.

(e) Construction; Maintenance. The Developer (including

its designees, contractors, successors and assigns) shall have the right, in its (and their) sole discretion from time to time, to enter the Condominium Property and take all other action necessary or convenient for the purpose of completing the construction thereof, or any part thereof, or any Improvements or Units located or to be located thereon, and for repair, replacement and maintenance purposes where the Association fails to do so or where the Developer, in its sole discretion, determines that it is required to do so. Notwithstanding the foregoing, this right shall at all times be subject to the provisions of Section 718.111(5) Florida Statutes.

(f) Sales Activity. For as long as there are any unsold Units or Units leased to the Developer, and thereafter so long as the property is operated as a Resort, the Developer, its designees, nominees, successors and assigns, shall have the right to use any such Units and parts of the Common Elements for model apartments and sales and construction offices, to show model Units and use Units as guest suites and to show and use the Common Elements to prospective purchasers and tenants of Units, and to erect on the Condominium Property signs and other promotional material to advertise Units for sale or for rent.

(g) Cable TV and Other Equipment For Transmission and Preservation of Information. The Developer reserves unto itself, its successors, assigns, contractors, designees and nominees, (i) ownership of any closed circuit, master antenna, community antenna or cable television system or the like (including any and all related conduits, wires, amplifiers, antennas, towers and other apparatus and equipment) which it (or one of its successors, assigns, designees or nominees) installs in part or whole on the Condominium Property (any such system and its related apparatus and equipment being hereinafter referred to as the "CATV System"), (ii) a perpetual easement over, through and across the Condominium Property for the installation, servicing, maintenance, repair, replacement and removal of the CATV System or any part thereof, (iii) the right to connect the CATV System to whatever receiving source the owner of the CATV System deems appropriate, and (iv) the right to provide (or cause to be provided) mandatory or non-mandatory services to Units through the CATV System (and related, ancillary services to Units, including, but not limited to, security-related services) at charges not to exceed those normally paid for like services by occupants of a Resort or condominium units within the general vicinity of the Condominium, and to retain or assign all such charges.

(h) Special Telephone Services and Other Equipment For The Transmission and Preservation of Information. The Developer reserves unto itself, its successors, assigns, contractors, designees and nominees, (i) ownership of any telephone system (including any and all related conduits, wires and other apparatus and equipment) which it (or one of its successors, assigns, designees or nominee) installs in part or whole on the Condominium Property (any such system and its related apparatus and equipment being hereinafter referred to as "the Telephone System"), (ii) a perpetual easement over, through and across the

Condominium Property for the installation, servicing, maintenance, repair, replacement and removal of the Telephone System or any part thereof, and (iii) the right to provide (or cause to be provided) mandatory or non-mandatory services to Units through the Telephone System (and related, ancillary services), and to retain or assign the charges collected from Owners therefor.

(i) Use of Pool and Laundry Facilities. The Developer, as owner of the Pool and Laundry Facilities, grants a non-exclusive easement, running with the land, to the Association and its members for the reasonable use by Unit Owners, their immediate family and two guests of the Pool, and for use of the Laundry facilities, as long as such use is in conformity with rules governing such facilities, such rules not to unreasonably limit such use. Such use is at the user's sole risk and will be limited to post-dawn, pre-dusk unless otherwise allowed under the rules governing such use. The laundry facilities referenced herein are currently located on the second floor of the Olde Marco Shops, directly adjacent to the Condominium Property. Both such Pool and Laundry non-exclusive easements are subject to change depending on any adjustments, movement, improvements or repairs which Developer now or hereafter decides to make to both such facilities, and such actions may be taken at Developer's sole and absolute discretion.

(j) Ingress and Egress and Parking. A non-exclusive easement in favor of each Marco Cat Penthouses, a Condominium unit owner or officer, Marco Cat, LLP and the Olde Marco Island Inn and Suites, and any of such above mentioned's successor and or assigns, their guests and invitees, shall exist for pedestrian traffic over, through and across sidewalks, streets, paths, walks, elevators, stairwells and other portions of the Common Elements as from time to time may be intended and designated for such purpose and use; and for vehicular and pedestrian traffic over, through and across such portions of the Common Elements and across driveways and entrances and for use in parking as from time to time may be paved and intended for such purposes; such non-exclusive easement to run with the land so encumbered. None of the non-exclusive easements specified in this subparagraph (j) shall be encumbered by any leasehold or lien other than those on the Condominium Parcels. parking spaces per each Penthouse, as shown in Exhibit 2; such exclusive easement to run with the land so encumbered. These spaces may be marked as "Reserved" or other similar language, in a manner in keeping with the quality and style of the property, in order to ward off potential "squatters". Such exclusive easement parking spaces so herein granted may be encumbered by the Association, subject to such easement. More specifically, Penthouse 1 shall have an exclusive easement of spaces 17 and 19, Penthouse 2 shall have an exclusive easement of spaces 26 and 28, Penthouse 3 shall have an exclusive easement of spaces 23 and 25, Penthouse 4 shall have an exclusive easement of spaces 14 and 16, Penthouse 5 shall have an exclusive easement of spaces 146 and 148, Penthouse 6 shall have an exclusive easement of spaces 151 and 153, Penthouse 7 shall have an exclusive easement of spaces 154 and 156.

- (l) Additional Easements. The Developer (as long as it owns any Units) and the Association, on their behalf and on behalf of all Unit Owners (each of whom hereby appoints the Developer and the Association as its attorney-in-fact for this purpose), each shall have the right to grant such additional general ("blanket") and specific electric, gas or other utility, cable television, security systems, communications or service easements (and appropriate bills of sale for equipment, conduits, pipes, lines and similar installations pertaining thereto), or relocate any such existing easements or drainage facilities or water management facilities, in any portion of the Condominium Property, and to grant access easements or relocate any existing access easements in any portion of the Condominium Property, as the Developer or the Association shall deem necessary or desirable for the proper operation and maintenance of the Improvements, or any portion thereof, or for the general health or welfare of the Unit Owners, their family, guests, invitees, lessees or employees, or for the purpose of carrying out any provisions of this Declaration, provided that such easements or the relocation of existing easements will not prevent or unreasonably interfere with the reasonable use of the Units for dwelling purposes.

2. The Certificate of Surveyor and Survey recorded as part of the Declaration in OR Book 3291 page 0112 to page 0124, and from page 0150 to page 0162 is hereby deleted. (Both sections of page numbers are replicates of the same items.)
