The image shows the Ox Securities dashboard interface. On the left is a sidebar with navigation links: Dashboard, MT4/5 Accounts, Funding, IB Agent, Downloads, and About us. The main dashboard area includes a 'Performance' section with a line chart and two summary cards for 'FX Profits or losses' (USD 0.00) and 'FX Closed lots' (0.00). Below this is a promotional banner for mobile trading. A 'Quick access to' section contains buttons for Deposit, Withdraw, Transfer, Invite friend, Apply an account, and Commission. The 'Deposit' section lists various methods: Credit card or debit card, Bank Transfer, Cryptocurrencies, SGD - PayNow, Fasapay, and Dragonpay, each with its supported currencies and fees. On the right, an 'Ox Securities Support Chat' window is open, displaying a welcome message and a list of support categories. At the bottom of the chat window, the word 'AGENT' is typed into the input field, and several yellow arrows point towards it, indicating the instruction to keep typing this word to reach a live agent.
