COMPANY OVERVIEW

About Us

Merging our companies, combining our knowledge and experience to ensure our clients receive the ultimate in solutions and service.

Designs, Supply, Manufacturing, Installations and Maintenance for the Industrial, Commercial, Agricultural and Residential markets.

OUR PROCESS

Mission

To give all our customers the personal touch they deserve and offer a turn-key solution in all our expertise.

Our experienced and reliable team is committed to bringing out the best in each other and working in harmony with other trades.

We prioritise clear and effective communication with our clients, enabling us to establish strong working relationships and produce the best possible outcomes on every project. Our goal is to exceed our client's expectations at all times.

Vision

Our vision is to harness our team's collective expertise and passion so that we may continually produce outstanding work, always deliver our services in a timely, reliable and safe manner, and constantly innovate so that we know we are producing the best possible outcomes for our clients.

COMPANY VALUES

- Use open communication to build good rapport with all our clients
- Provide value-for-money service at all times
- Maintain a relationship of trust and integrity within our team
- Ensure the safety of our team members, our clients, and the public
- Operate a clean and tidy worksite at all times
- Maintain healthy ongoing business relationships with our valued clients

WHO WE ARE

- Signature Supplier is our sales house dealing with clients and contractors, providing electrical material and alternative energy equipment
- Signature Energy is our installation team dealing with all industrial, commercial and agricultural solar installations
- ALV trading is our electrical installation and maintenance teams
- Green Africa Electrical Solutions is focusing on the residential sector for solar solutions
- Chillcold Electric Trading is our HVAC section and maintenance department for all sectors
- ESTAC Engineering. Our engineering partners in commercial projects and financing

BUSINESS OVERVIEW

Approach

We prefer to run our jobs smoothly, with minimal interruptions to tenancies and clients. We are reliable, on time and produce quality work.

Customer Service

We believe communication is a vital component of our client relationships. Keeping customers “in the loop” helps jobs to run smoothly and can eradicate potential issues.

Depending on the client’s requirements, we use phone and email, as well as text when appropriate, to communicate with our clients. Communication is mostly every day, depending on the job at hand.

MANAGEMENT TEAM

Without a doubt, our people are our most valuable asset. Our aim is to combine our collective knowledge and experience to produce outstanding results for our clients

Leon Botha

With over 30 years' experience as Electrician/Site Manager, he is also a member of the Electrical Contractors' Association of South Africa and registered as an electrical contractor in terms of regulation 6(4) of the Electrical Installation Regulations with the Department of Labour. He is also DEHN qualified in Lightning Protection

Helgard Joubert

With a National Diploma in Electronic Engineering (digital technologies) and over 25 years' experience in business management, clients and customer satisfaction is his first priority. He also plays a vital role in the residential solar design field

Francois van Wyk

With over 45 years of Millwright and Electrical knowledge, there is nothing he cannot design. With over 40 years of Refrigeration experience, he is our HVAC professional as well

Rita Joubert

Our lady in finance with over 40 years' experience as a Financial Accountant with a Bachelor of Commerce with Specialisation in Financial Management degree. She is also a member of SAIT (South African Institute of Tax Professionals)

Stephanie van Wyk & Corne Joubert

With years of experience in office management, they are our operations managers and see to it that all runs smooth within our group. When it comes to schedules, orders, finance or any office related queries, they are the first port of call. Stephanie falls under Chillcold Electric and Corne falls under Signature Energy and Green Africa Electrical.

Teams

We all have our dedicated teams working under us, and this gives us the ability to provide our clients with a loyal and professional service
