| P.Card. No. | Description  |
|-------------|--|
| F 18        | Painting of Car and Van Stock  |
| F 21        | Car, Van Wagon, Street Car, Rail Motor and Electric Locomotive Wheels and axles                                |
| G 1         | Cracks and Flaws - Method of Detecting   |
| G 21        | Engine, Tender and Crane Wheels and Axles  |
| L 6.1       | Superheaters   |
| L 14        | Bearing Metal  |
| L 15        | Tyre Retaining Rings   |
| L 15.1      | Engine, Tender and Crane Wheels and Axles  |
| L 15.2      | Locomotive Axle Boxes, Coupled Wheels  |
| L 16        | Bushes and Pins for General Work   |
| L 16.1      | Air Compressors for Steam Locomotives  |
| L 16.2      | Air Compressor Governors for Steam Service   |
| L 16.3      | Air Reservoirs for Steam Locomotives   |
| L 16.6      | Brake Cylinders for Steam Locomotives  |
| L 16.7      | Triple Valves for Locomotives, Cars, Vans and Wagons   |
| L 16.8      | Brake Gear Engine and Tenders  |
| L 16.9      | Air Brake - Regulating Feed and Pressure Reducing Valves   |
| L 16.10     | Air Brake - Drivers Brake Valves   |
| L 17.1      | Sanding Gear for Steam Locomotives   |
| L 18.3      | Delta Type Trailing Truck  |
| L 19.1      | Laminated Springs  |
| L 21.1      | Intermediate Buffers and Draw Gear   |
| L 23        | Cylinders and Cylinder Bushings  |
| L 23        | Cylinders and Cylinder Liners  |
| L 24.1      | Piston and Piston Rings for Locomotive Cylinders   |
| L 24.2      | Piston Rods and Nuts   |
| L 24.3      | Crossheads, Gudgeon Pins and Cotters   |
| L 24.4      | Slide Bars   |
| L 24.5      | Connecting Rods  |
| L 24.6      | Coupling Rods  |
| L 24.7      | Coupling Rod Knuckle Joints  |
| L 24.7a     | Coupling Rod Knuckle Joints with new type Parallel Pins (information in this P.C. now in re-issued P.C. L24.7) |
| L 25.1      | Hollow Piston Valves and Bushes  |
| L 25.2      | Schmidt Piston Valves and Bushes   |
| L 25.4      | Motion Bushes and Pins   |
| L 25.5      | Precision Power Reverse Gear   |
| L 25.7      | Eccentric Sheaves and Straps   |
| L 26        | Bye Pass Valves  |
| L 28        | All Steel Boilers  |
| L 30.3      | Ashpans for Locomotives  |
| L 32.1      | Ramsbottom Safety Valves   |
| L 32.2      | Coale Safety Valves  |
| L 35.1      | Spark Arrestors  |
| L 35.2      | Blast Pipe and Chimney Alignment   |
| L 44.2      | Lifting Ropes  |

## Specifications and memos

|            |   |
|------------|---|
| 1961       | ANZR Conference - Airbrake Hoses  |
| 31/08/1961 | Boiler Feed Water Briquette Treatment   |
| 17/10/1946 | Combined Injectors Exams  |
|            | Engine Utilisation and Running Shed Practice - Examination of Steam Locomotives |
|            | Examination of Electric Lighting Equipment                                      |
| 15/02/1961 | Hosepipe Specifications   |
| 5/06/1961  | Reconditioning Bye Pass Valves  |
| 9/01/1961  | Specification for Air Brake Hose Pipes  |
