

Policy of Legal Involvement

Legal involvement means court appearance, deposition, testimony at hearing, consultation with attorneys, and/or case preparation time. Please remember that each of these activities means canceling and rescheduling other patient appointments. If a court or hearing appearance or deposition is held, cancelled, or postponed.

Fees for time involved away from my office begin when I leave the office and end when I return to the office.

Medical insurance does not cover services for legal involvement.

My testimony may or may not be helpful to your case. Payment is for my time, not for my testimony.

Policy:

1. A non-refundable retainer of \$1,500 is required. This will be applied to all activities involved.
2. Charges for legal involvement are \$300/hour, beginning after the \$1,500 retainer is used.
3. For out-of-office activities, charges are incurred beginning when I leave the office and when I return to the office (portal to portal).
4. An Authorization to Release Information form must be signed and on file, explicitly allowing me to provide information about the case to the designated parties.

I have read and understood this policy and agree to its terms, and agree to be responsible for all charges incurred.
