

General Data Protection Regulation (G.D.P.R) delivered at JDI-UK Locations.

Presented by: -
Paul Johnson (D.Sc. Information Technology)

Managing Director – JDI-UK Ltd
Registered Office: JDI House, 5 Church Walk, Preston. PR2 6SZ
Telephone: 01772 802702 / 07889 948484

- JDI-UK has designed a series of presentations to assist customers in understanding the implications of the EU General Data Protection Regulation (GDPR) & the Data Protection Act (2018) which replaced the Data Protection Act 1988 on 25th May 2018.
- All companies required to carry out a specific investigation and implementation exercise: there is no 'off the shelf' solution to GDPR. This is the intention behind the regulations, so engagement by all concerned is critical to becoming and remaining compliant. This should have been completed **prior to 25th May 2018.**
- Irrespective of whether the United Kingdom remains within or leaves the European union the GDPR will apply as it will be enshrined in UK law.
- **JDI-UK** is here to help simplify and assist your company to understand the GDPR implications. We also help you prepare for the changes your business required to adapt to become and remain compliant with the regulations. Our presenter has over 30 years IT & Data Protection experience, including 20 years working with the Data Protection Act so we bring knowledge & experience in what we present.

- In the Presentation you will learn about the background and scope of the EU data protection legislation, individual components and the penalties that can be levied for breaches of the GDPR. We bring practical solutions that can be implemented to minimize your risk of breaching the GDPR. Protecting the data your company has is imperative to protect your companies' brand, we ensure that you have tools and methodologies to mitigate any exposure to your company.

- [GDPR Terminology](#)
- [The Data Protection Fee](#)
- [The Purpose and Impact of GDPR including the Six \(6\) Principles set out in the GDPR](#)
- [Data Protection Officer \(DPO\)](#)
- Data Controller / Processor 'Data Breach' reporting
- [Network and Information Systems Directive \(NISD\)](#)
- [Data Subjects](#)
- [Consent](#)
- Business-to-Consumer (B2C) Email Marketing & Business-to-Business (B2B) Email Marketing & [Marketing Rules](#)
- [Nuisance Calls from personal claims companies](#)
- [Corporate Telephone Preference Service \(CTPS\), Telephone Preference Service \(TPS\) and TPS Protect](#)
- [Easy ways to beat Identity Theft, Dos and Don'ts for using Public WIFI](#)
- [Security and privacy features of Microsoft Office 365](#)
- Information Security
- [GDPR - ICO - Risk Assessment](#)
- [ICO Fines and Penalties](#)
- [JDI Services & Further Information](#)

We partner with [StoreFirst](#) to use their facilities to present the sessions. We generally limit the sessions to between 7 and 10 people. We provide stationary (as required) as well as refreshments. After the session we provide an electronic version of the presentation & other useful information on a USB stick. The session takes approximately 2.5 – 3.0 hours (depending on the questions)

We introduce you to the Information Commissioners Office (ICO) [Risk Assessment](#) that we recommend you carry out. Our company offers this as a paid service, along with our Data Mapping / Policy & Procedure creation service. If we perform the Risk Assessment for you, then we include our Data Protection Officer (DPO) service at no additional charge.

For more information then email us at gdpr@jdi-uk.com or ring us on 01772 802702 / 078899 48484 with your requirements and we will get everything arranged.
