1.0 Introduction

1.1 This document sets out the manner in which Aintree Village Parish Council will delegate its powers under the new structure, which comes into effect on 1st April 2019. Understanding of this is essential for anyone who wishes to know who is legally able to give a decision on any matter. This document is currently one of the three major ways in which the Parish Council will regulate its affairs; the others are its Standing Orders, and Financial Regulations.

1.2 The basic principle used has been to delegate to Committees powers to act within their Terms of Reference. This means that on all matters not reserved for consideration by another Committee, or by the full Council, Committees can **resolve** and thereafter action can normally be taken by the Council Manager and Parish Clerk. However certain matters, such as issuing a precept for a rate, cannot legally be delegated and others, such as deciding major policy, are reserved by the Council to itself. On such matters, committees can only **recommend** a course of action and, in these cases, the Council Manager and Parish Clerk cannot normally carry out the instructions of the Committees until the recommendation has been approved by the Council.

1.3 The intention of the delegation scheme is, therefore, to enable the Parish Council to be more effective and efficient by allowing it to act with all reasonable speed, and by enabling decisions to be taken at the most suitable level. Thus the Council Manager and Parish Clerk is given power over the day to day administration of the Council, Committees to decide matters within their Terms of Reference, and matters of major policy should be **recommended** to the full Council

1.4 It should be noted that wherever reference is made to the Council Manager and Parish Clerk in this document, it shall be understood that other staff employed by the Parish Council can deputise for the Council Manager and Parish Clerk both in his absence and to enable the efficient and effective running of the Parish Council.

1.5 Whilst the Parish Council, through its Scheme of Delegation is determined to become more professional in its conduct of the Parish Council's affairs, it is important to note that it is also striving to be open and accessible to all, including the press, the public, and the community that it serves.

1.6 Under the new Scheme of Delegation the Council Manager and Parish Clerk will report all major decisions taken under delegated powers to the appropriate Committee, the agenda of which will sent to all Members. Should Members wish to raise any question concerning the exercise of delegated or other powers, then they should contact the appropriate Committee Chairman or the Council Manager and Parish Clerk, and if necessary the matter can be raised subsequently at Committee.

1.7 In addition, where Members have a disagreement with the Council Manager and Parish Clerk about their agenda item they then have the choice of either consulting with the Chairman of the Parish Council, or the Committee Chairman, if the item relates to a particular Committee and requesting them to speak to the Council Manager and Parish Clerk to review his decision not to include the item on the Agenda or getting a written agreement of four other Members.

1.8 The Parish Council at its meeting on 17th September 2018 (Minute 6824 (1)) reiterated its position that as a matter of policy and for the avoidance any doubt it should be noted and accepted by all Members that the final responsibility for the Agenda rests with the Council Manager and Parish Clerk alone,

2.0 Committee Attendance

2.1 Members are entitled to attend all Committees and sub-Committees for which they are sent an agenda, whether or not they are members of the Committee.

2.2 However, they may not vote and may not take part in any discussions without the consent of the Chairman of that Committee.

3.0 Delegation

3.1 Local Councils may only do what legislation requires or permits them to do. With some particular exceptions, the Council may delegate functions to committees, sub Committees, officers, or other authorities.

3.2 The power to delegate functions by local councils is set out in the Local Government Act 1972 S.101 as follows:-

Local Government Act 1972

'S. 101 Arrangements for discharge of function by local authorities

- (1) Subject to any express provision contained in this Act or any Act passed after this Act, a local authority may arrange for the discharge of any of their functions:-
 - (a) by a Committee, a sub-Committee or an officer of the authority, or
 - (b) by any other local authority
- (2) Where by virtue of this section any functions of a local authority may be discharged by a committee of theirs, then, unless the local authority otherwise direct, the committee may arrange for the discharge of any of those functions by a sub-committee of the authority, then unless the local authority or the committee otherwise direct, the sub-committee may arrange for the discharge of any of those functions by an officer of the authority.
- (3) Any arrangements made by a local authority or committee under this section for the discharge of any functions by a committee, sub committee, officer or local authority shall not prevent the authority or committee by whom the arrangements are made from exercising those functions.
- (4) Two or more local authorities may discharge any of their functions jointly and, where arrangements are in force for them to do so, they may also arrange for the discharge of those functions by a joint committee of theirs or by an officer of one of them and subsection (2) above shall apply in relation to those functions as it applies in relation to the functions of the individual authorities.
- (5) A local authority's functions with respect to issuing a precept for a rate or borrowing money shall be discharged only by the authority'.

NB The operation of this section is subject to any rights of third parties acquired as a result of action taken on a delegated matter. However, in so far as legally binding action had not been taken on a delegated matter, the Council can still act itself regarding that matter. It is desirable that in the interests of certainty in decision making and to avoid lengthy discussions in Council meetings, Standing Orders should discourage, so far as is legally possible, action being taken by the Council after the matter has been 'decided' by a Committee, or sub-Committee. If the Council feel,

however, that action is necessary then normally it should refer the matter back to the Committee concerned

2.0 Background

2.1 The Park and Amenities Committee at its meeting on 3rd June 2019 were informed of the meeting that took place with an Officer from Sefton Council. The said Officer investigated all areas of safety concerns relating to play areas, including potential trip hazards, and agreed to provide a report setting out potential solutions, including where possible costings. In addition he agreed to provide names of potential Play Ground Safety Inspectors who will be able to carry out yearly inspections. Members noted the comments and agreed to having a special meeting to discuss the report should that become necessary.

2.2 On 7th June 2019, the Officer from Sefton Council sent an email (attached as Annex A) highlighting the cost of undertake a number of minor works, mostly relating to potential trip hazards in the Park. The cost of the said works is £305 (plus VAT).

3.0 Urgency of the Work

Members will be aware that these potential hazards are in prominent areas in the Park where the chances of young children tripping and hurting themselves is high. Failure to address them as a matter of priority leaves the Parish Council open to potential claims, particularly as these have now been brought to Parish Council's attention.

3.1 The Council Manager and Parish Clerk having consulted with the Chairman of the Parish Council and in line with Parish Council's Financial Regulations, paragraph 1.35, which states, inter alia, that:-

'Expenditure on revenue items may be authorised up to the amounts included for that class of expenditure in the approved budget. This authority is to be determined by:

- *the Council Manager and Parish Clerk, in conjunction with Chairman of Council or Chairman of the appropriate committee, for any items below £500.*

Such authority is to be evidenced by a minute or by an authorisation slip duly signed by the Council Manager and Parish Clerk, and where necessary also by the appropriate Chairman'.

has requested Sefton Council to arrange for the said work to be carried out as a matter of urgency.

5.0 Financial Implications

5.1 The cost (£305 plus VAT) of the said works can be met from budget line –
Maintenance – Buildings (general) PEX-14

6.0 Recommendations

It is recommended that Members of the Finance and General Purposes:-

4.1 Note the work being carried out as identified in Annex of this report and the use of Parish Council's Financial Regulations, paragraph 1.35 to facilitate its implementation due to the urgent nature of work.

Aintree Village Parish Council

Potential Funding Opportunity

17th June 2019

2.0 Purpose of Report

- 1.1 The purpose of this report is to inform Members of the potential funding opportunity from Sefton Council for projects which assist park improvements.

2.0 Background

- 2.1 The Council Manager and Parish Clerk received an email on 7th June 2019 from Sefton Council's Green Sefton Services stating that they are looking for community groups to bid funding for improvements to parks across Sefton. At the time of writing this report it was not clear as to whether Parish Councils could bid for the said funding, and whether the parks can be non-Sefton Council owned. It should also be noted the Aintree Village Parish Council is not currently a member of the Parks Friends Forum, and therefore did not attend the event referred to in the email.
- 2.2 It would appear from the information attached with email from Sefton Council, (which is attached as Annex A to this report) that in February 2019 the Secretary of State for the Ministry of Housing, Communities and Local Government announced £9.7 million funding to all local authorities. This money is to be spent to undertake remedial and renovation work in existing parks to enhance the green spaces available to local communities. As part of this funding Sefton Council has been awarded money to target parks in need of improvement.
- 2.3 To allow local communities across Sefton to access the funding directly, Sefton Council is making available £28,000 to all Parks Friends Groups and community groups to allow improvements to their parks. These Groups will be able to bid up to a maximum of £2,000 for park improvements. Any application submitted will be assessed and awarded based on their relevance to the existing Green Sefton Vision and Objectives, which are:-

2.3.1 Ready for the future - In 2030 we will be using the latest technology to understand and protect our landscape in a changing climate, for monitoring and managing our assets and for engaging with our communities.

2.3.2 Open for business - In 2030 our landscape boosts the growth of local businesses and the local economy. In 2030 Green Sefton is cost neutral to the council and surplus generated is reinvested into the landscape

2.3.3 On the move - In 2030 people can easily access our landscape using public transport and enjoy a range of walking and cycling routes.

2.3.4 Visit, explore and enjoy - In 2030 Sefton's special cultural, natural and heritage features make our landscape a "must-visit" destination for visitors and a highly valued asset by our local community.

2.3.5 A clean, green. Beautiful borough - In 2030 Sefton is internationally recognised for its outstanding natural beauty and commitment to becoming a green and sustainable borough

2.3.6 Living, working and having fun - In 2030 our landscape is recognised as a reason to live and work in the area, with superb leisure facilities for both residents and visitors to enjoy.

2.3.7 A borough for everyone - In 2030 our landscape is accessible to all in our community - everyone enjoys using it, and the landscape helps people live happy and healthy lives.

2.3.8 Together a stronger community - In 2030 Sefton's communities and partners play a key role in caring for our landscape and benefit from the opportunities of learning and working in our unique environment.

2.4 Some suggested examples include:-

- Improvements to existing paths, gates, fences, planters and benches
- Improve areas to combat antisocial behaviour
- Improve access to parks for all the community
- Equipment to help your volunteers garden and litter pick
- As part of this funding we are going to plant a Spring bulb for every child in Sefton

2.5 As a starting point Sefton Council is looking for:-

- An outline of the project and how it links with their Green Sefton Objectives
- Location details (map)
- Expected volunteer numbers
- Breakdown of cost
- Details of any partnership work
- Description of how you intend to measure the outcomes (number of volunteers, hours etc)

3.0 Clarification and Options

3.1 As indicated above it is not clear as to whether Parish Councils can bid for this funding from Sefton Council, and if the Park needs to be Sefton owned.

Notwithstanding this there is also the issue of having volunteers and partnership working that needs to be demonstrated in any bid to Sefton Council. Finally there is a question of which project should be put forward. The Park and Amenities Committee at its meeting on Monday 3rd June 2019 gave some impetus to the following projects:-

- Dedicated Dog Area
- CCTV Cameras
- Community Events
- Community Gardens
- Tennis Courts

3.2 Whilst some these projects are likely to meet the criteria set by Sefton Council, however at this stage none of them are at a stage where they could be submitted for funding.

4.0 Proposal

4.1 It is proposed that the Council Manager and Parish Clerk seek clarification from Sefton on the issues raised and report verbally on their findings at the Finance & General Purposes Committee.

5.0 Financial Implications

5.1 There are no financial implications as a result of this report.

6.0 Recommendations

It is recommended that Members of the Finance & General Purposes Committee:-

4.1 Note the content of the report, and subject to clarification presented verbally at the meeting consider what actions to take.
