

Stay up to date with the **Tri-County Emergency Alert System**

STEP 1 Visit the registration portal

Register using your email or phone number at tricountyemergencyalert.genasys.com/portal.

Create a contact in your phone for Tri-County Emergency Alerts. This will ensure alert messages are not blocked.

Phone alerts will show up on Caller ID as 435-393-0593

Text/SMS messages will show up from Sender ID 65513

Emails will come from Duchesne County Alerts
(noreply@genasys.com)

STEP 2 Add your contact information

Configure your account settings in each tab on the left.

Fill in your personal information.
Add additional email addresses and phone numbers.

Add locations and relatives.

Choose which types of alerts you want to receive, and via which channels.

Daggett, Duchesne, and Uintah Counties will use the Genasys ALERT notification system to alert residents about issues that may affect their safety, such as wildfires, floods, gas leaks, power outages, and other emergencies. The Genasys ALERT system is a multi-channel (i.e. SMS, voice, email, etc.) communication solution that provides lifesaving emergency information. To ensure you receive this information, keep your contact information up to date.

To update your contact information, log into your account at tricountyemergencyalert.genasys.com/portal.

STEP 3 Start preparing now

During an emergency, survival largely depends on YOU.

.....
PREPARE before disaster strikes.

.....
REGISTER for Tri-County Emergency Alert so you get warnings and updates.

.....
FOLLOW instructions from public safety officials during a disaster.

For more, see the 'FAQ' doc on the login page.
