SSG Robert G. Henline, Ret.

INTRODUCTION

Bobby Henline is a retired U.S. Army Staff Sergeant who proudly served 14 years with the 82nd Airborne Division, completing four combat tours in Iraq.

Just three weeks into his fourth deployment, a routine patrol changed his life forever. An improvised explosive device (IED) detonated beneath his Humvee, engulfing him in flames. Henline managed to escape the wreckage, only to be extinguished by the soldier whose seat he had taken that day. He sustained burns over nearly 40 percent of his body, multiple fractures, and severe injuries to his head, face, and body. He was placed in a medically induced coma and transported back to the United States for extensive treatment and recovery.

Today, Bobby has transformed unimaginable adversity into a mission of hope and healing. Through humor, encouragement, and authenticity, he helps veterans, active-duty military, first responders, and others navigate the wounds of war and life's many

challenges. Known nationwide as "The Well Done Comedian," Bobby is a motivational speaker, professional comedian, songwriter, actor, and poet who inspires audiences with a powerful message of resilience, perseverance, and finding laughter even in life's darkest moments.

Ladies and gentlemen, please welcome Mr. Bobby Henline.
