Commissioner Tom Donnelly [tdonnelly@larimer.org]

Re: Colorado Open Records Act Request

Dear Commissioners:

On behalf of No Pipe Dream, Save the Poudre and Save Rural NoCo, we hereby submit a Colorado Open Records Act request. Please produce the following documents:

1. All documents and/or correspondence (including electronic communications such as email and/or text messages) from January 1, 2016 to date in any way related to the Northern Integrated Supply Project (“NISP”) between any Larimer County Commissioner and any employee or representative of Northern Colorado Water Conservancy District.
2. All documents from January 1, 2016 to date, including electronic documents, maintained in the files of any Larimer County Commissioner in any way discussing any Commissioner’s support or endorsement of NISP.
3. Copies of the Board’s document retention policy effective January 1, 2016 to the present.

The Board does not need to produce any documents that have been made publicly available and posted to the County’s NISP website at:
<https://www.larimer.org/planning/NISP-1041>.

If possible, please produce all responsive documents in electronic format. In responding to this request, please conduct a thorough search of all hard copies and computer files in the Board’s possession, custody, or control, including using relevant computer search terms. Time is of the essence. Please respond to this request within the statutory timeframe.

Thank you,

Sincerely,

s/ John Barth
Representing Save the Poudre

s/ Mike Foote
Representing No Pipe Dream

s/ John Dettenwanger
Save Rural No Co Board Chairman.
