Step into a sacred space of empowerment and transformation at the Hathor Collective Retreat, themed "Divine Feminine Activation."

This retreat is a celebration of the divine feminine energy that resides within each of us, inviting you to awaken, nurture, and express this powerful essence.

Throughout our journey, we will engage in a variety of enriching activities designed to activate and honor the divine feminine.

Enjoy high-frequency food, lovingly prepared to nourish your body and elevate your spirit, aligning with the energies of love, vitality, and abundance.

Experience the profound healing of LifeForce Healing techniques, which will help you tap into your innate wisdom and strength.

Our sessions will include HeartMath practices that foster heart coherence, creating a harmonious connection within ourselves and the collective.

Engage in the liberating movement of ecstatic dance, allowing your body to express its authenticity and joy. This dance becomes a celebration of your divine feminine energy, encouraging you to let go and embrace your true self.

Meditation will serve as a cornerstone of our retreat, providing a sacred space for introspection and connection to the divine.

We will also incorporate Pranayama, the ancient practice of breath control, to help you cultivate inner peace, increase your energy, and deepen your connection to both body and spirit.

As we gather for sacred cacao and blue lotus ceremonies, we will honor the heart-opening properties of these revered plants, enhancing our spiritual connection and fostering unity among participants.

These rituals are designed to deepen our experience of the divine feminine and awaken our intuitive wisdom.

At the core of our retreat is the understanding that the preparation is sacred. Every element, from the food we share to the rituals we perform, is infused with intention and love, creating a nurturing environment for your transformation

Join us on this beautiful journey of Divine Feminine Activation, where we come together to celebrate, heal, and rise in our authentic power.
