Last May, 2019, we had distributed wheelchairs for the event that was held in Robinson's Sta rosa events place. There were twenty beneficiaries of the said wheelchair. The project will not be possible without the help of the GO-FORWARD FOUNDATION which has a mission of service to the needs of the less-privileged people; to assist them in their need for health, education, and economic activities that will uplift their living condition. Their story is through the assistance of compassionate groups, Go Forward was able to cater to poverty-relief services such as livelihood programs, cheap education, free medical assistance, and different community outreach activities. Its activities lie in six major divisions. Each division simplifies the activities that must be conducted. These major divisions are Education, Environment, Health and Wellness, Child's Rights, Youth, and Senior Citizens.

FOR THE EVENTS

Monde Nissin, through its flagship brand Lucky Me!, launched the Kainang Pamilya Mahalaga (Family Mealtime Matters) advocacy which aims to encourage families to gather during dinner and share meaningful conversations over meals. Studies showed that children who share mealtime with their families are less likely to get into illegal substances, vices, alcohol, tobacco, and unhealthy relationships leading to pre-marital sex. Done regularly, shared meals help nurture the bond between parents and children which is instrumental in shaping the children's future
