# LAND OF HOPE AND DREAMS

by Roselyn Estares

We have gone through a pandemic when we felt hopeless and helpless that our plans and dreams were put on a pause but us on Persons With Multiple Disabilities Foundation Corp. (PWMDFC) planned the most out of the pandemic.

In the midst of the pandemic we have dreamed of sustaining the needs of every person with disabilities (PWD) to survive on a daily basis. Thus, we made efforts to help through a series of medical, dental optical missions in different cities where it is needed. We also have put on some community pantries, where the less fortunate members of the society can grab their supplies of groceries to ease their hunger without sacrificing finances.

To date we are almost over with all the hustle and bustle of the pandemic and it's time to move on, to move forward with renewed hopes and bigger dreams for the society that we are in.

The PWMDFC is finding its way to actually make our biggest dream happen. We are about to build a community for our beloved PWD. and when i say community it is, a safe loving place for the unfortunate ones, those fighting to survive the harsh reality of discrimination, those hoping to be accepted rather than neglected by the society, those who dreamed to take pride for being respected and valued by the society.

In the glorious and blessed land to be given by God for our purpose, - Thus we will call it "The Land of Hope and Dream". HOPE to help our PWD's through education, livelihood programs and even employment through farming. And a DREAM , a dream coming true for PWMDFC to be able to provide a safe, loving and self-sustaining community for our beneficiaries

## AQUAFIT CALCIUM HYPOCHLORITE 70%

Aquafit is a famous Chlorine brand in the United Staes. The same manufacturer of AQUAFIT brand from USA . Registered brand of The Alpha with Intellectual Property Office of the Philippines Certification. Our manufacturer confirm that they have EPA , NSF AND ISO certifications for chlorine granular 70%. AQUAFIT brand has NSF certification and can be found on NSF website. Uses new technology of Sodium Process, This ensures more stability of Chlorine content.

**BEWARE OF FAKE AND CHINA MADE AQUAFIT BECAUSE IT IS ONLY THE ALPHA ENTERPRISE That is AUTHORIZED to DISTRIBUTE IN THE PHILIPPINES. We hild the IPO of the same brand in the Philippines. If it is not from us, then it is fake. Most were manufactured by a factory which do not confirm with the NSF Certification and has no permit to manufacture it.**

## All for one cause...

by: Jesus Marvin Barrameda

People always ask me that, how it feels to be an orphan. I don't know. I want to ask them how it feels to have a family.

David J. Ki

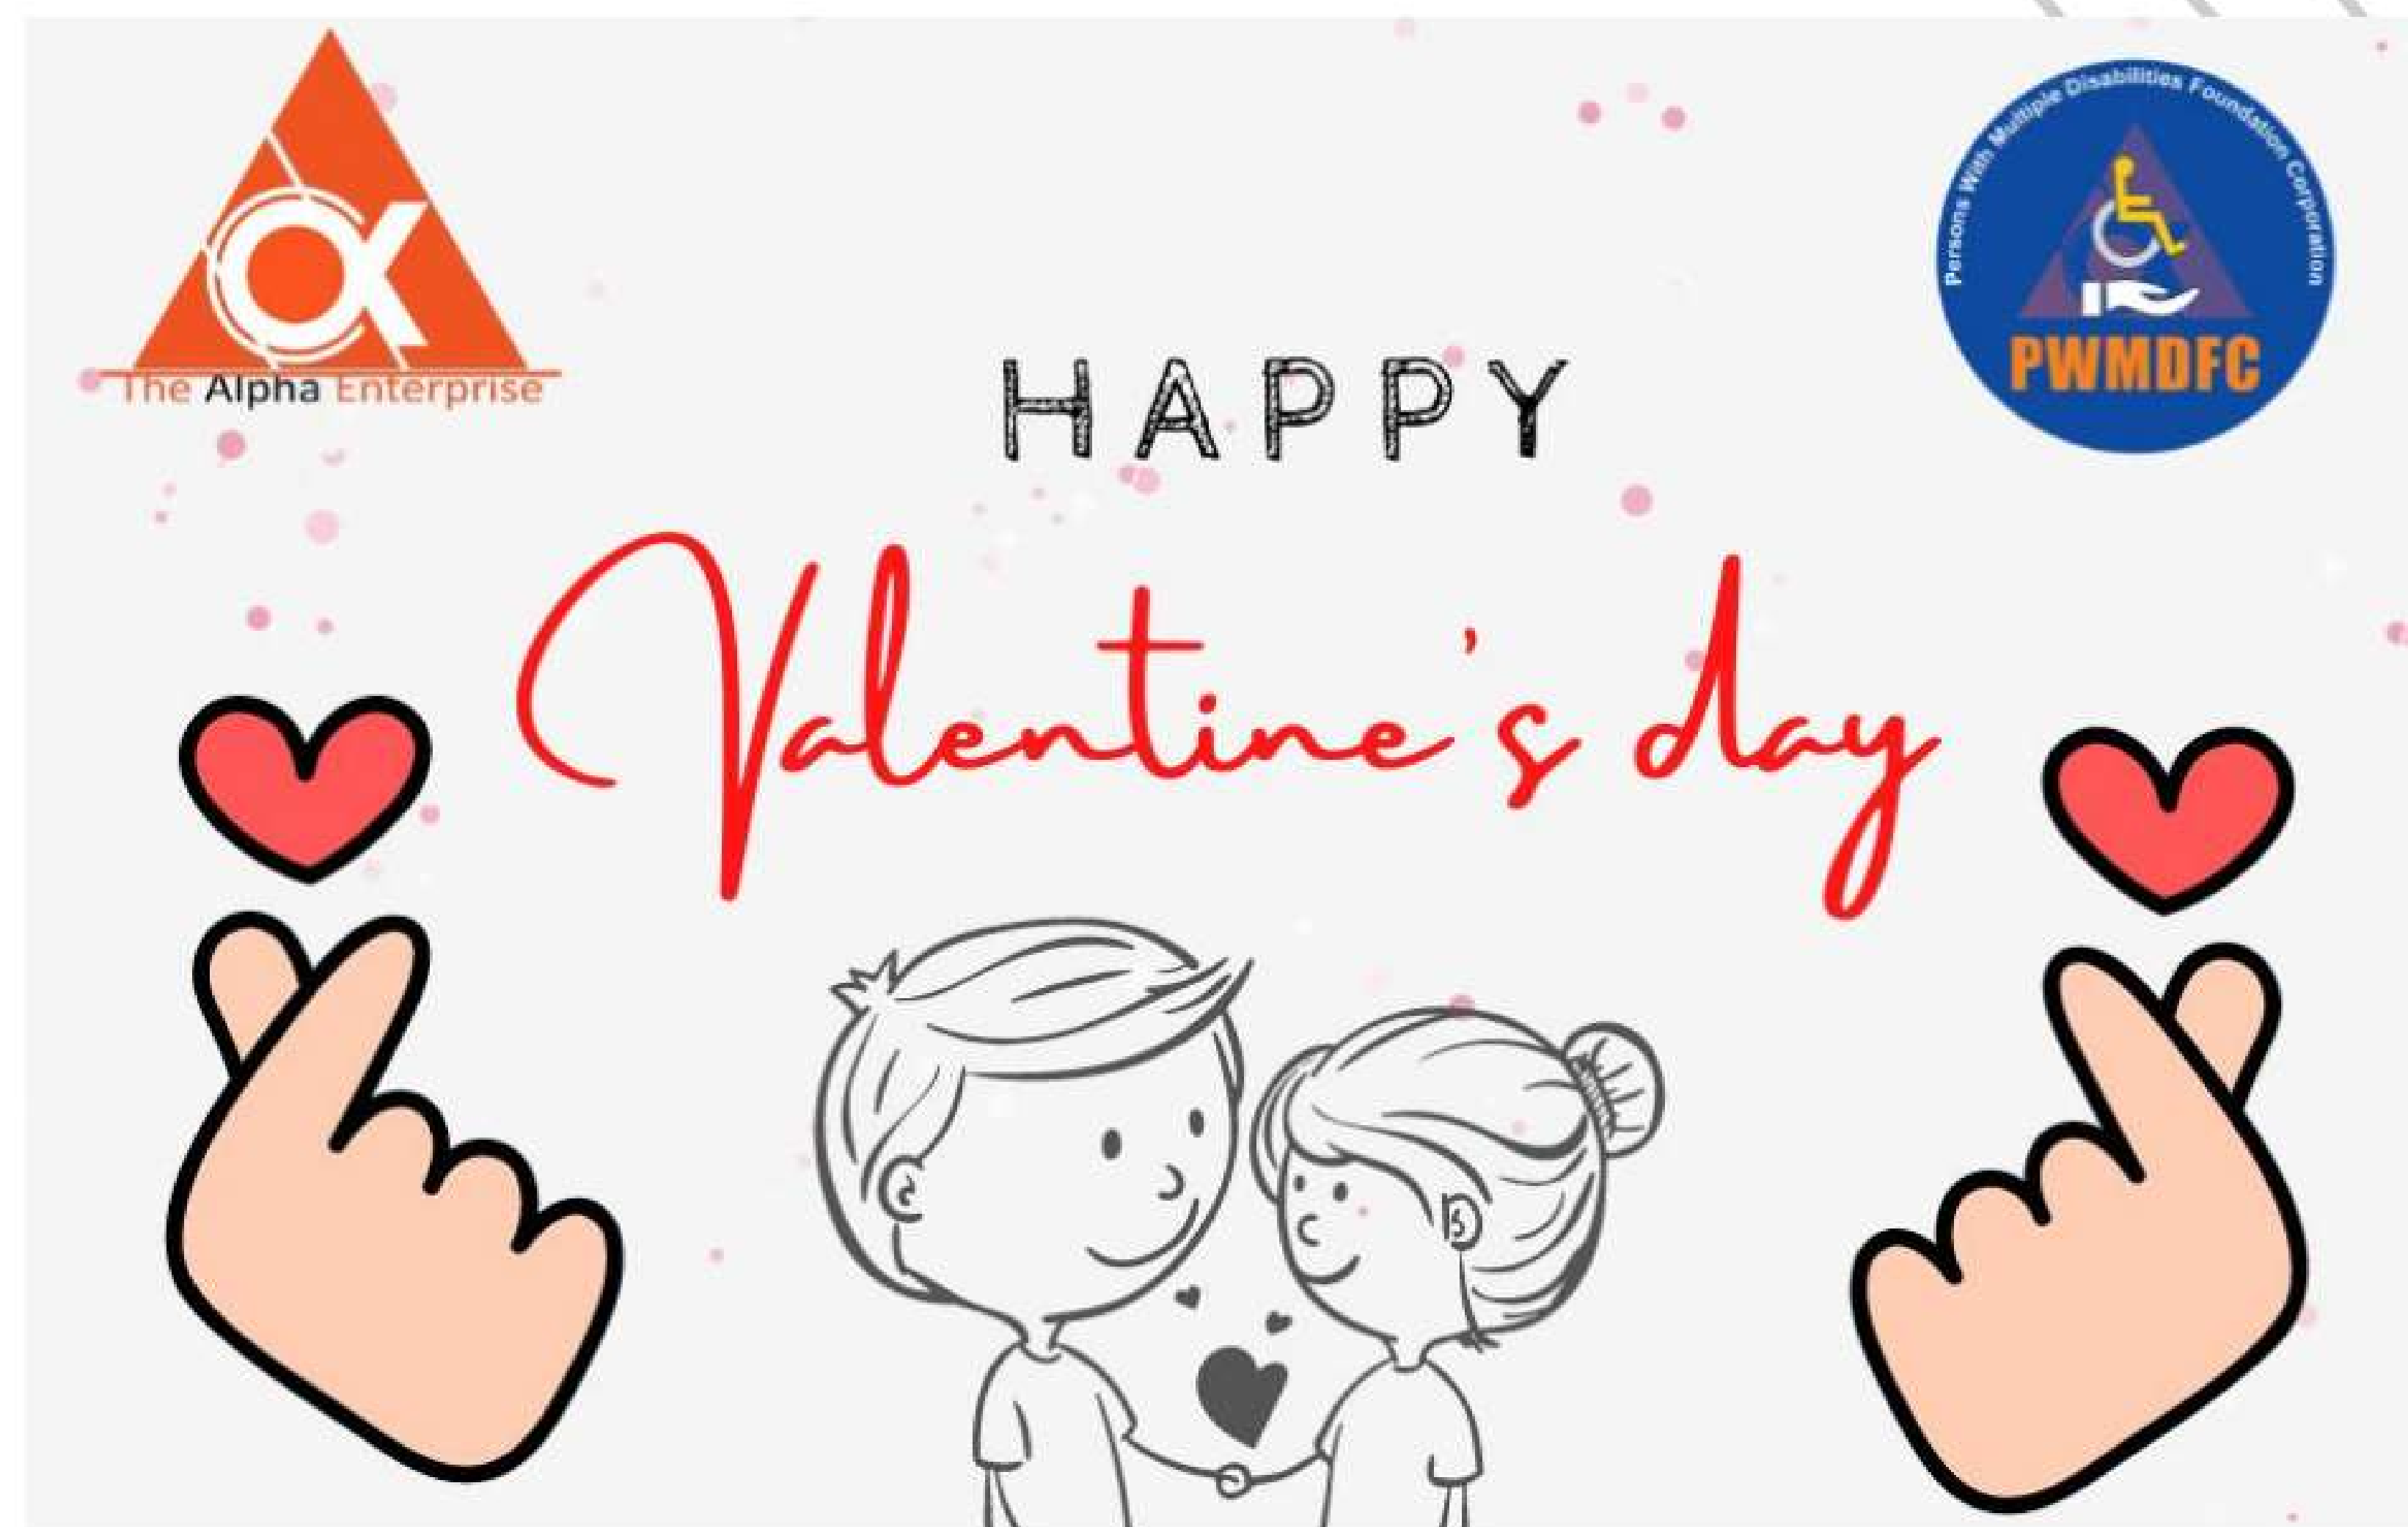

MARCH 9-10, 2023 - I wouldn't need to count the number of times my experience being in an institution that took care of children and adults - an orphanage. The atmosphere is quite gloomy because there must be missing or lacking in every individual that is assembled in their eyes.

Our Foundation got a chance to visit two well-known orphanages in Mendez and Silang Cavite namely "LITTLE ANGELS HOME INC." and "CHOSEN CHILDREN VILLAGE FOUNDATION". The purpose of our visits is to benchmark and learn from them since our foundation the PERSONS WITH MULTIPLE DISABILITIES FOUNDATION CORP. visualized of building up an orphanage for the PWDs. We are warmly welcomed by the person in-charge Sr. Monica and Mrs. Rowena Taylor. A short discussion meeting happened and we were given a privilege to take a tour in the premises and we got a chance to encounter some PWD orphans that inspired and made us more confident to put up such a noble institution like these. Our stay bears much fruit, especially in giving us the idea of how to run an orphanage for the PWDs that enlightens our purpose and gives us full knowledge and understanding about the goal of our foundation.

*Do not take advantage of the widow or the fatherless.  
If you do and they cry out to me, I will certainly hear their cry. — Exodus 22:22-23*

## Alpha Goes to Bicol

by : Roselyn "Yhen" Estares

Some parts of the Filipino culture cannot just be changed or more so ignored such as the Filipino's love for celebration, by means of celebration is no exception, it is actually an understatement as Filipinos are well known to have some of the best celebrations which includes Valentine's Day.

Valentine's Day in the country is as grand as any other occasion especially when food and family or treasuring people comes together, Filipinos most likely have their own ways of commemorating it. Typically for Filipinos, it is a day to express their feelings and begin courting someone they like. It is in the tradition of Filipinos to court someone through serenading or "harana" (Filipino term for serenade, which means a complimentary vocal or instrumental performance) using a traditional love song they refer to as "kundiman" to express how you feel to the person you like, these days any romantic love song will do. But it does not mean that the season of love is not only just for romantic relationships.

Based on studies conducted by an e-commerce company in Poland, 79% Filipinos celebrate Valentine's Day, where they buy gifts for their significant other, family, colleagues, and friends. Filipinos are known to tend to be creative in expressing their affection, they will never run out of ideas on how to celebrate all kinds of love on Valentine's Day they would even go out of way to surprise a loved one. In fact As early as the first day of February in the Philippines, street shops, and different local and even private and public establishments start to be filled with heart decorations and flowers. This only goes to show how Filipinos value relationships among others.

Lukong is also known as an income generating Farm as they offer services not limited to being a learning center for agriculture but as agri- tourist destination the place is good for a) events places b) camping (take note : there is no cellphone signal on and beyond their location ) c) retreat and recollection (the place is so serene, and calm ), d) firing range e) restaurant, where they offer farm to table non-preservatives course meal) f) Pick and Pay ( for veggies harvesting and fruit bearing trees) and lastly they sell native pigs and chicken. the entrance fee for this places amounts to Php100/ person ( a hundred pesos)

For their farm harvest strategy Sir Ruel suggested " do not plant what the majority offers " like for example if the Department of Agriculture distributes seedlings for eggplant, they would plant tomato or cabbage instead applying the law of Demand and Supply to their strategy works for them. When it comes to costing, their budget is at least Php20/ seedlings as capital. This covers labor cost , fertilizer cost and all. but during summer they do not plant any veggies and just let the fruit bearing trees provide them income since they have a lot of dragon fruits, cacao trees and so much more.

PWMDFC would like to give thanks and appreciation to Ma'am Babylyn Calayag, Sir Ruel Calinisan and his wife and to Sir Jumar Refran who helped us with our request for benchmarking for the benefit of PWMDFC as they were all very accommodating and even offered to help us when it comes making our farm school a sooner reality..

PWMDFC Visits:

# LUKONG VALLEY FARM

by: Roselyn "Yhen" Estares

May 8, 2023

PWMDFC visited Lukong Valley Farm in coordination with Sir Jumar Refran office staff of Lukong Valley Farm, who introduced us to Sir Ruelito Calinisan, Farm Manager/ VP for Operations of the said farm and also a member of Dolores Farmers Association.

According to him, Lukong Valley Farm is a family-owned and managed farm of Mayor Orlando Calayag, and the word "Lukong" is based on the name of the place which is located at Sitio Lukong at the foot of Mt. Banahaw. The place was established in 2012 but in 2014 during the Typhoon Glenda in the Philippines they struggled. the place has been totally washed out which took them years to rebuild the place / facilities. Their biggest struggles are really the typhoon and climate change.

At the moment Lukong Valley has a total lot area of 11 hectares (we are not able to explore all 11 hectares land area, since they are in the midst of building some of their additional facilities which includes a chapel and dormitories (for OJT/ accommodation). It is unbelievable that the total land area is only being managed w/ only 16 farm people. who does all around tasks as necessarily and as possible, from Farming to Customer service and even during events. Thus some of their workers stay within the farm premises and while some do not. The family of Sir Ruel stay in the farm as they are also a close relative of the owner.

Let me ask you, How was your valentine's day? Did you have a lovely date? family? friends? with your lover? have you experienced being serenaded or you are the one to give a serenade? But before you answer that, Let me share our valentine's experience with you, which probably is as lovely and meaningful as yours.

On February 6, 2023, Monday to February 9, 2023, Thursday, our mother company The Alpha Enterprise went on a long drive to the different cities of Quezon and Bicol, not for a vacation but the celebration of hearts month with their clients. The Alpha Enterprise marketing team together with the representatives from the Persons with Disability foundation gave their all-out heartfelt "Harana" to most of their clients along Quezon Province and Bicol. this is to reciprocate the love, loyalty and commitment of its client and/or loyal customers and at the same time take a chance by serenading potential clients and investors. because why not? Heart month is not just for lovers, family, and friends. Love month is for everyone who's appreciated, loved, and valued.

It was but a fun experience especially when you see how surprised they are with the beautiful angelic voice of the Alpha team singing the song entitled "when you say nothing at all" by Alison Karuass; the romantic excitement or in Filipino term *Kilig* in their faces were so visible especially when they were given flowers and/or bouquets, i wish you have witness the genuine happiness through their faces

This Valentine Harana is Alpha's way of maintaining a harmonious relationship with its current client while developing new potential relationships with new clients/ partners more so with building togetherness within its staff.

LOVE FOREVER

## HARANISTAS AT NORTH!

by: Earl John Punzalan

THE MONTH OF LOVE ARRIVED ONCE AGAIN. IT IS ANOTHER OPPORTUNITY TO SHOW IT AND TO BE FULFILLED BY IT. PLEASE, LET US KNOW HOW YOU GUYS SPENT YOUR VALENTINES! EVEN IF IT'S BY GOING OUT ON A DATE WITH THE ONE YOU LOVE, SHOPPING, GOING TO PARKS OR JUST BY SIMPLY RENDERING SOMEONE A NICE SONG. WHATEVER IT IS, AS LONG AS YOU MADE THIS DAY EXTRA SPECIAL FOR YOURSELF, FOR YOUR LOVER, FOR YOUR FRIENDS AND FAMILY! IT FEELS HEAVENLY TO BE LOVED AND LOVE!

*Love you*

WELL, LET'S BE CANDID, WE ALL WANTED TO LOVE AND TO BE LOVED. TO BE FILLED WITH HAPPINESS. TO BELIEVE THAT IT STILL EXISTS EVEN IN TRYING TIMES. INDEED, IT IS WHAT THE ALPHA ENTERPRISE DID. NOW, LET ME TELL YOU THE STORY OF HOW THE ALPHA ENTERPRISE WAS ABLE TO WIN AND CAPTURE THE HEARTS OF THEIR BELOVED CLIENTS.

## SMCGP Philippines Foundation Inc.

"Happiness doesn't result from what we get, but from what we give"  
– Ben Carson-

# It is in giving that we recieved...

by: Jesus Marvin Barrameda

May 9, 2023 – The Persons With Multiple Disabilities Foundation Corp. conducted its yearly gift giving to our less fortunate PWD brothers and sisters who are at the baseline of their poverty. The 14 recipients were randomly chosen by the foundation through the help and efforts of the following: PDAO Cabuyao headed by Ma'am Vanessa Peñaflor and the two Federation Presidents Ma'am Mira Baya of Biñan City and Sir Willie Dichoso of Sta. Rosa City, Laguna. There were 3 recipients in Binan, 5 in Sta. Rosa, 4 in Cabuyao and 2 in Liliw Laguna. The activity was headed by Ma'am Michelle Bauyon, the Founder and together with her two assistants Mr. Jesus Marvin Barrameda and Ms. Roselyn Estares.

Gladness and Joy was sensed as we went to their houses. They were very surprised and had no idea to what our purpose of visit. As they received our simple gifts you could see in their eyes the happiness and the smiles that made their day more lively facing the challenges of life.

Being part of this activity, I reflected to one of the talks of Mother Teresa of Calcuta and I quote "It's not how much we give but how much love we put into giving." These powerful words of Mo. Teresa concluded our activity because it is not about money but it is about love the most valuable currency that our PWDs wanted to sense. It is all about time that we spend with them. It is all about giving ourselves and service for we can do something to make the world better. Another milestone fulfilling activity of PWMDFC together with our partner the SMCGP Philippines Power Foundation Inc. who generously responded, give much attention and donated goods for our act of kindness to our mission of love.

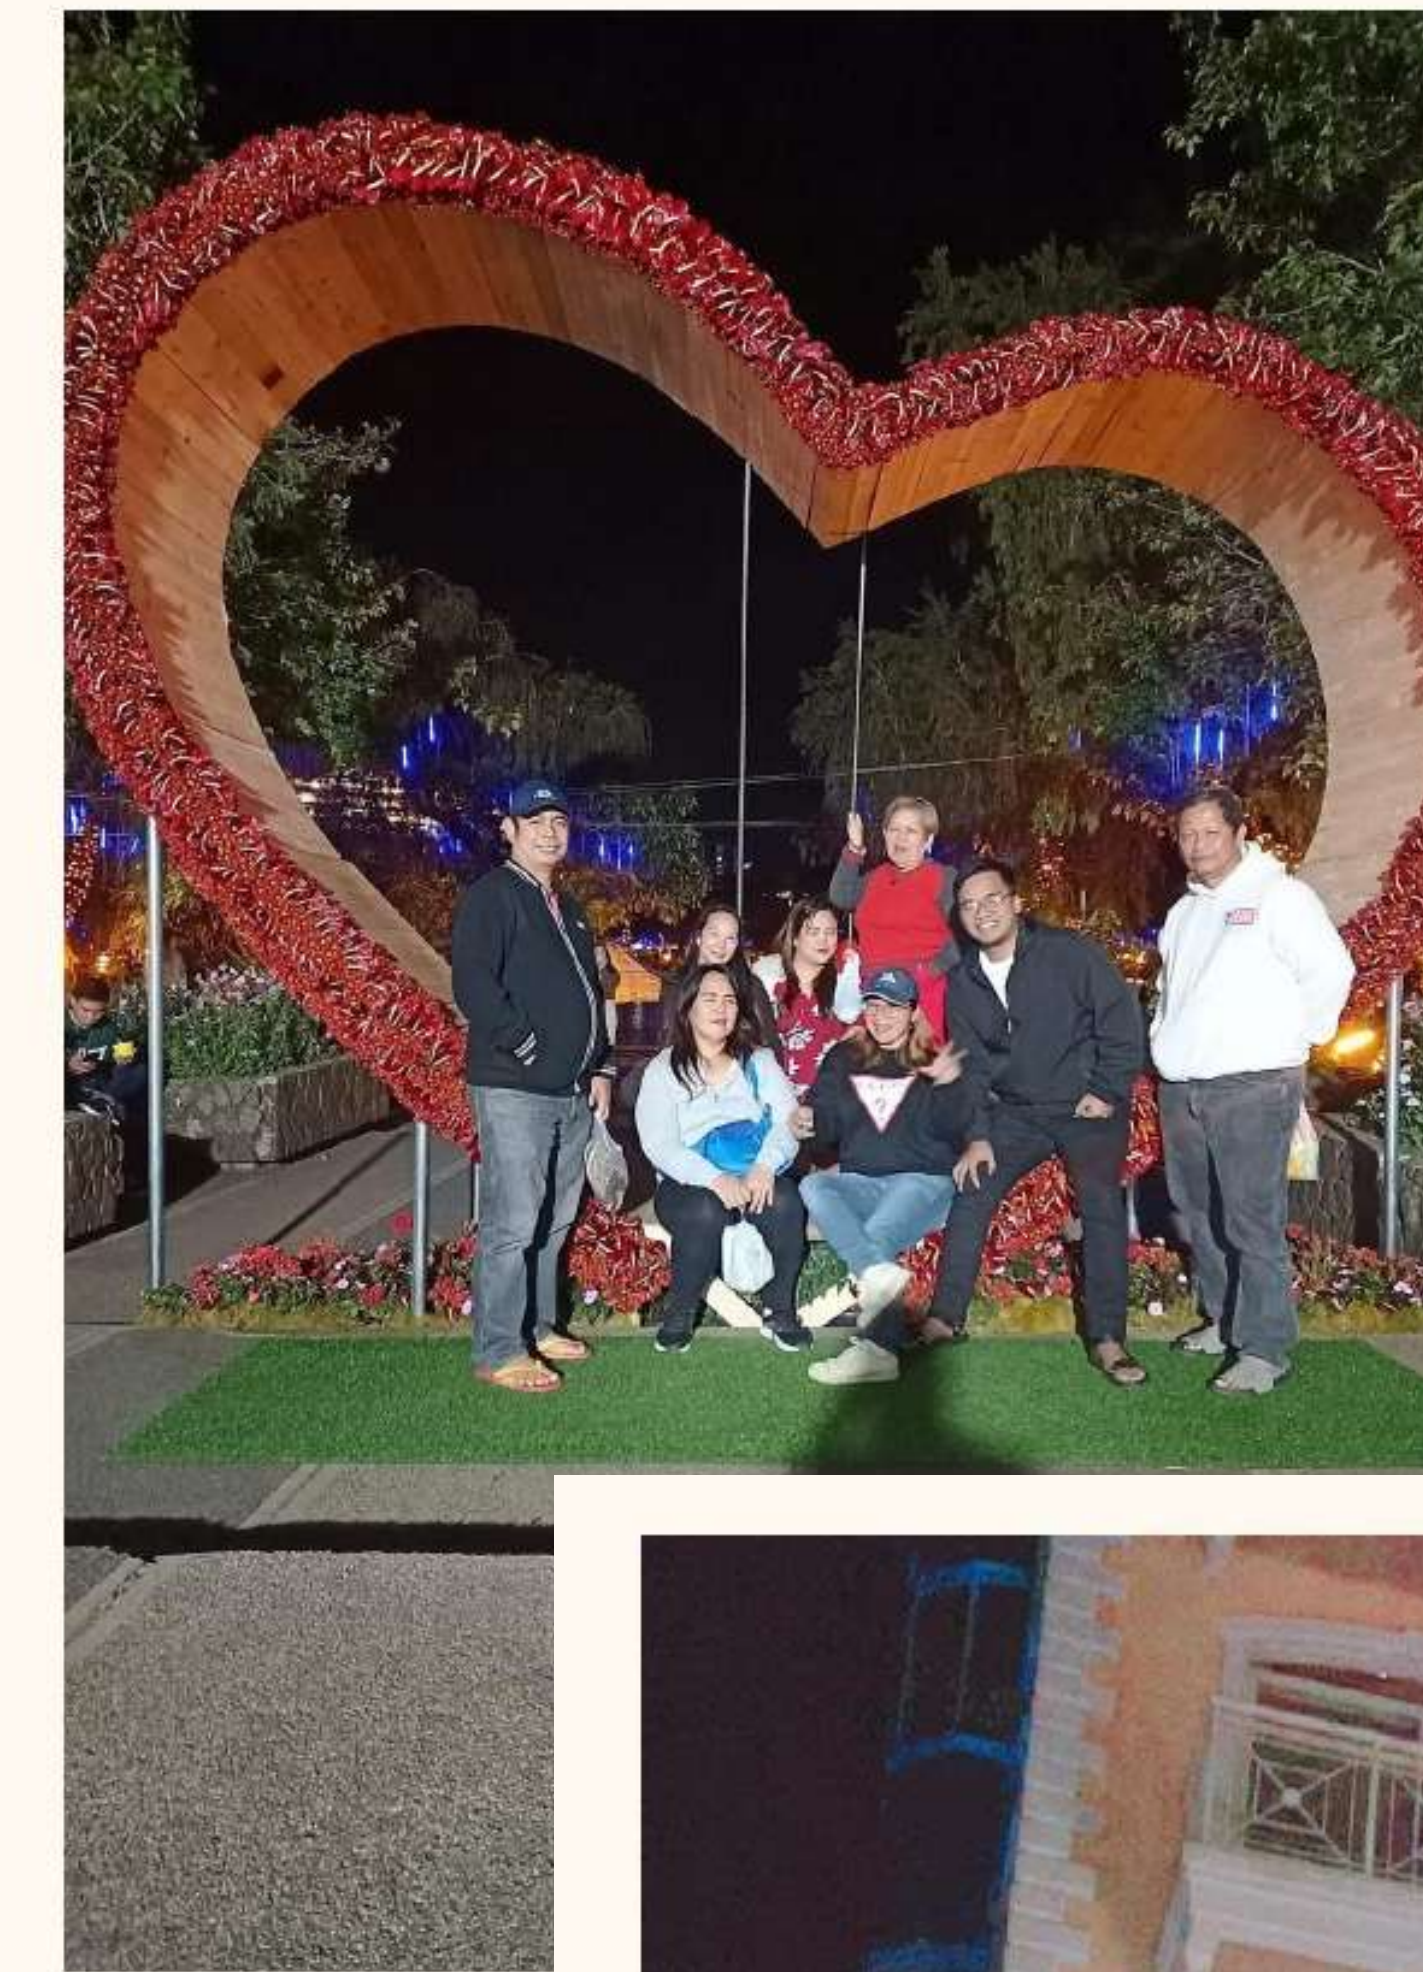

To all who help us in one way or another in this endeavor Dios an Magbalos!

To God be all the Glory!

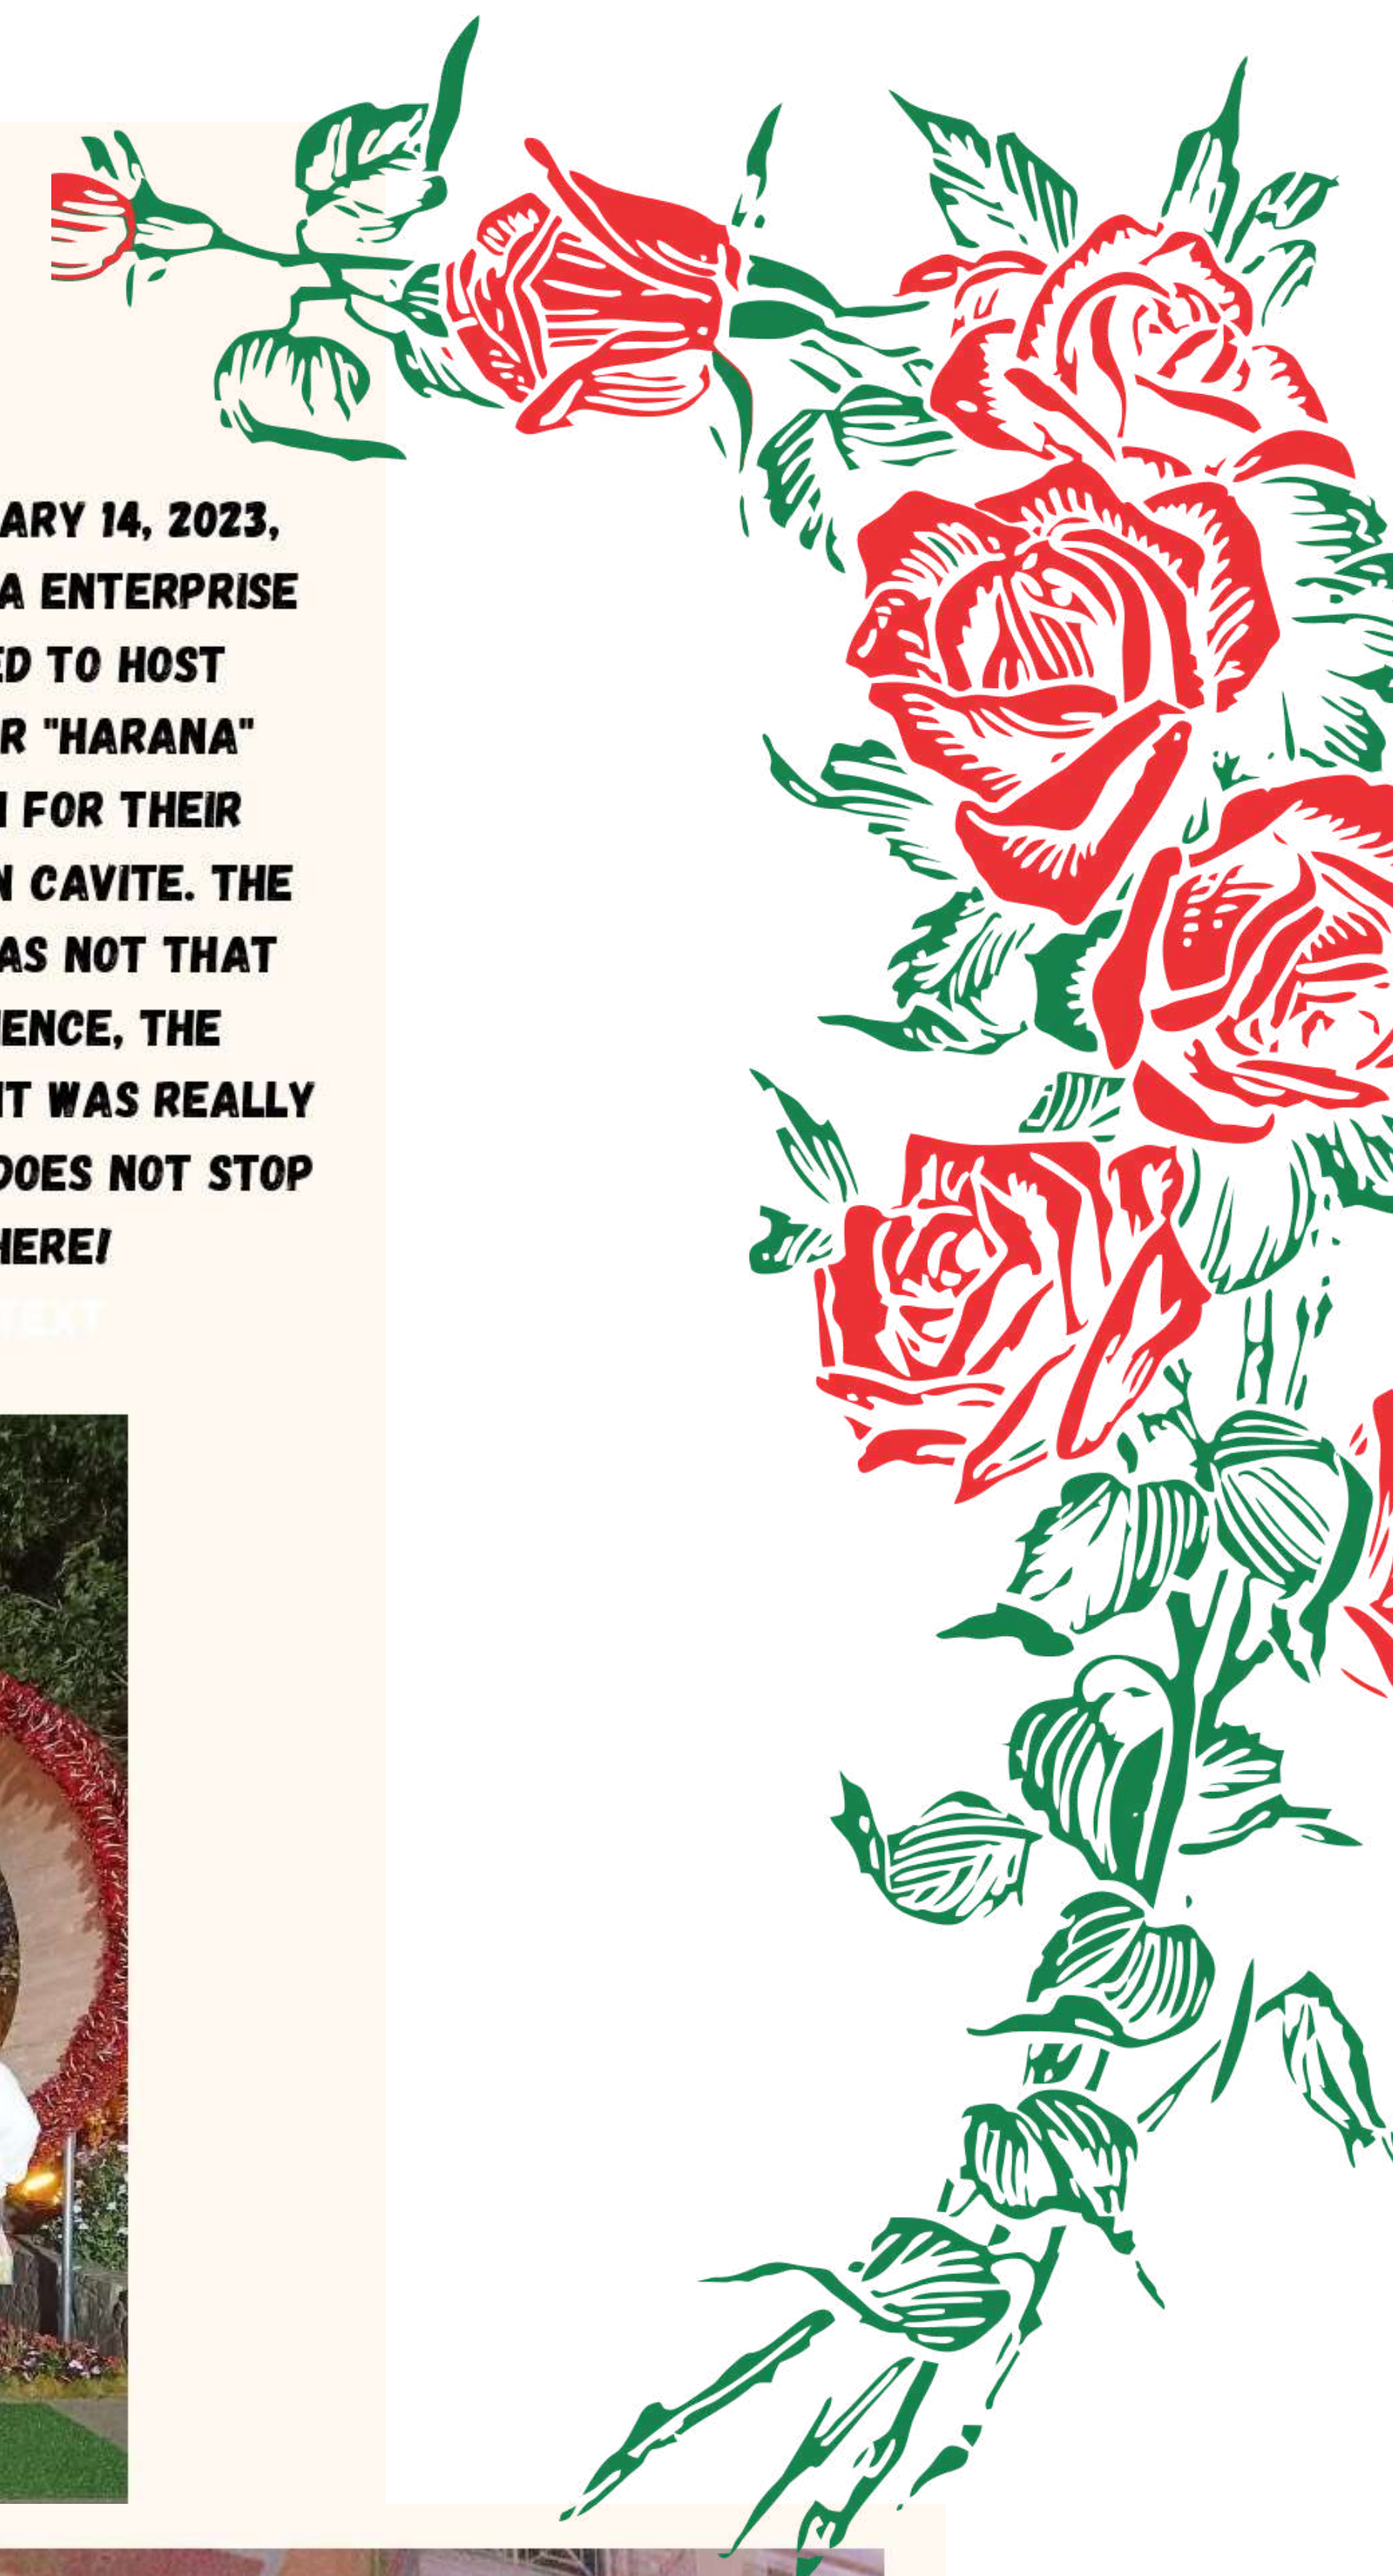

ON FEBRUARY 14, 2023, THE ALPHA ENTERPRISE DECIDED TO HOST ANOTHER "HARANA" SESSION FOR THEIR CLIENTS IN CAVITE. THE VENUE WAS NOT THAT FAR. HENCE, THE EXCITEMENT WAS REALLY THERE. IT DOES NOT STOP THERE!

ON THE NEXT DAY, 15TH OF FEBRUARY, THEY EXTEND THIS ACTIVITY IN BENGUET, BAGUIO CITY. THE PERFECT PLACE TO FEEL THE WARMTH OF LOVE IN THE COLD PLACE. THIS SPECIAL EVENT CONTINUES ON OTHER PLACES TOO IN THE COUNTRY FOR TWO MORE DAYS; PARTICULARLY IN CLARK, PAMPANGA AND SUBIC, ZAMBALES.

WE ALL NEED TO FEEL THE ESSENCE OF LOVE IN DIFFERENT WAYS. THE COMPANY INCULCATED THE IDEA THAT EVERYONE IS NATURALLY BUILT AND CAPABLE TO DISPERSE LOVE. CONTINUE TO SPREAD THIS NATURE/ CHOOSE TO SHOW IT!

# Sunday is for Christ and for the Children of Christ

By: Roselyn Estares

On June 4, 2023, The Persons With Multiple Disabilities Foundation Corp. together with the team of Brother Jerry Felipe visited the Church of Christ located at Blk 38 Addition Hills, Mandaluyong City to distribute school supplies and at the same time feed the children who have been very attentive and jolly the entire time.

The event started with a prayer of thanksgiving for everything that they have receiving and teaching the children to value even the smallest things they have in life, a shelter over their head, clean potable water they can drink, clean clothes to wear, a family to run through in difficult times and of course our God who have been there in both the good and the bad times. Aside from these little children's prayer of praises, they also offered a sing and dance number, again praising God thus appreciating the good things life has to offer, and loving God's creation which includes our Person With Disability,.

Our very own Mr. Jesus Marvin Barrameda gave a short lecture to the children on how to treat PWD with love, care and respect more than any other. After almost 15 minutes of singing, dancing and listening to the lecture, they are not only tired but hungry, especially after seeing what food we have prepared for them all the way from Laguna. A homemade Chunky Chicken Sandwich and an Ube Champorado were given to them to boost their energy and at the same time ease their hunger.

## John 17:23

I in them and you in me—so that they may be brought to complete unity. Then the world will know that you sent me and have loved them even as you have loved me.

MAY 20, 2023

## YOUnited in God's love

by: Jesus Marvin Barrameda

The Laguna Provincial Churches of Christ celebrates its 32nd convention with the theme: "YOUnited in God's love" held in Pacita Astrodome. Our foundation joined the said activity and were given a slot to put up a booth for us to render our services such a free brewed coffee and a 3 in 1 coffee sponsored by our partner foundation the San Miguel Foods Foundation Inc. for all the attendees. The booth was graced by our founder Mrs. Michelle Bauyon, Mr. Johnny Bauyon, our president, Ma'am Rosalyn Simara, representative of SMCGP Philippines Power Foundation Inc. and the rest of the team. We are very privileged because we are given a chance to sell our umbrella, a fund-raising project for our future orphanage for the PWDs. The printing was made by the PWDs of Bay Laguna through the leadership of Sir Mario Mendoza. Luckily, we were given a chance to speak during the convention to introduce our foundation, our services for the PWDs and our purpose of being present. Indeed, the whole activity was a great success for the Lord who was present and felt His love in each and everyone who attended the fellowship. To God be the Glory!

## Philippians 2:1

Therefore if you have any encouragement from being united with Christ, if any comfort from his love, if any common sharing in the Spirit, if any tenderness and compassion

The Alpha Enterprise

"I Have a Dream... someday my son, Zyon and ALL individuals with disabilities will be seen as HUMAN beings.

I Have a Dream... someday the human & civil rights of individuals with disabilities are honored and they are treated as equals.

I Have a Dream... someday ALL parents who have children with disabilities see their child as a blessing and not a burden.

I Have a Dream... someday there will be more jobs and opportunities for individuals with disabilities.

I Have a Dream... someday there will be UNITY "within" the disabled community.

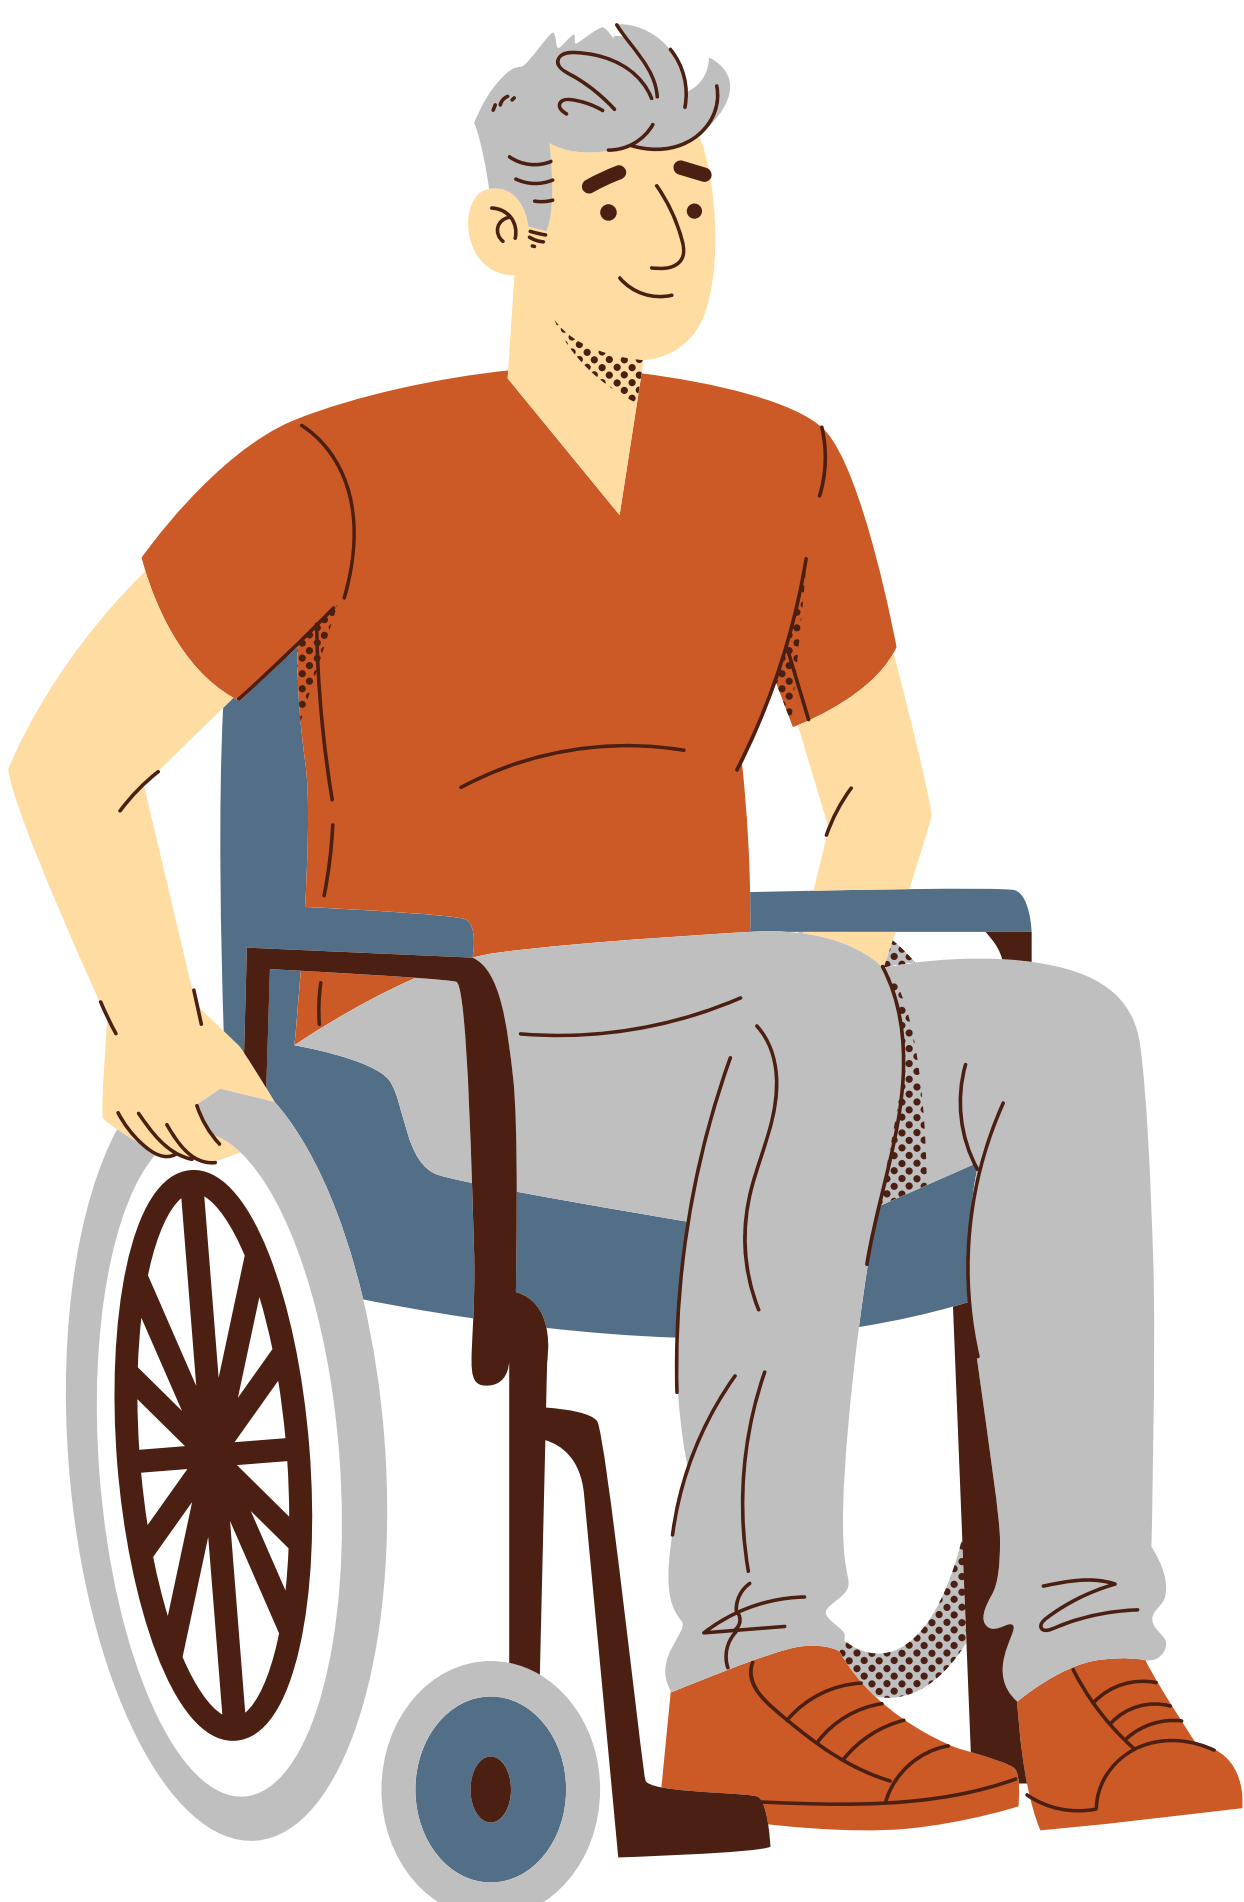

I HAVE A DREAM!!!"

One of the most common disability in the Philippines is the Physical Disability which includes the orthopedic or the neuromuscular impairments that affects mobility of an individual. Lack or Loss of mobility fundamentally refers to the inability to move freely and painlessly. These include but not limited to amputation, paralysis, cerebral palsy, stroke, multiple sclerosis, muscular dystrophy, arthritis, and spinal cord injury, causes of limited mobility vary greatly, some are caused by advancing age, while others might be caused by accidents, neurological impairment, or other physical disabilities.

Making the transition to a wheelchair is a very big change, however, you will soon find that a wheelchair provides users with maximum comfort and incredible independence.

here we are sharing five (5) great reasons why a wheelchair could be a fantastic:

## They're Comfortable

A modern wheelchair – particularly powered wheelchair systems – are very comfy to use on a daily basis. at the same time, it's safe to say that everyone's comfort levels are likely to be a little different. That being said, one can rely on the fact that modern wheelchair systems are built with simple luxury and everyday comfort in mind!

## They Promote Independence

One thing many people struggle with is adapting to the change of pace when disabled. Wheelchairs are easy to manage and control on your own! Manual wheelchair systems are easier to manoeuvre than ever, meaning that one can head out on its own without worrying about getting stuck. A powered wheelchair, meanwhile, will allow them to move around via motor.

## They Keep You Safe

One of the main benefits of a wheelchair, of course, is that they can help to improve mobility. Whether they use a chair temporarily or otherwise, its main aim is to keep one away from injury and harm. What's more, moving around in a wheelchair will help to lessen pain. Therefore, it's important to look for a system that's going to fit their everyday comforts. Modern wheelchairs and disability aids are safer than ever before.

## You'll Be More Sociable

A fantastic wheelchair will never hold one back from seeing friends and family. As they help to keep them mobile, they'll still be able to get out and about, even if one are unable to walk. Therefore, one should never worry that a powered wheelchair, or otherwise, is ever going to hold you back. It's not a crutch – nor is it a blockade to what you really want to do!

## The World is More Access-Conscious Than Ever

Using a wheelchair no longer means that you are closed off to the world. Look around! More public buildings are growing more inclusive as far as disabled access is concerned. Therefore, if one are worried about not being able to get in and out of places, one really needn't be. The world is wising up to broadening its access to wheelchair users.

# *Virginia Monteiro* a mom's fight with heart disease

Ms. Virginia Monteiro a 67 yrs old single mom, from Liliw, Laguna., has work as an household worker at such early age to provide the needs of her children after his former husband left them. but with perseverance, hardwork and faith in God, she was able to send her children to school and they were able to graduate and both of them are now working for their own families and their mom, since Mommy Virginia has been diagnosed with Coronary Heart Disease.

As mom to her two (2) lovely daughter namely Ms. Ruth and Ms. Rhea and as amom like any other she have sacrifce so much for them in the past- thusin return the two are now doing anything and everything they could to providefor their mom's needs and be able to succeed and over come the threats of heart disease as a family according to Ms Ruth.

Since the family has a strong faith in God, they religiously go to curch and in one of the event they have heard about the PWDMFC advocacy, helping the indigent or the less fortunate aside from the Persons With Multiple Disailities from their they have set a foot forward to take the change to get necessary help from the fundation;and thank God all the help is possible with him.

After submiiting all medical requirements and a month of coordination and follow ups the PWDMFC were able to get a grant for the medical needs for Ms. Virginia , the grant wont only cover her medicine but also her check ups and labaoratory and even her surgery cause which included the fees of her doctors at Philippiine Heart Center.

to date the foundation is still hands on when it comes to their need and is working on getting her a schedule for her to be able to push trough her much needed Angioplasic Surgery the soonest possible. to maximize the resources / the grant given to her as well as the time for her recovery, cause more than anything her family and the PWDMFC family is working hand and hand in praying for her well being and recovery.
