Personalized Investment Plan

We understand that every client is unique. As your investment manager, we will identify your investment needs and construct a personalized investment plan to help you achieve your financial goals.

Access To International Markets

Tap into major international markets to diversify your investment portfolio and take advantage of investment opportunities around the globe.

Retirement & Estate Planning Advice

Planning for retirement and estate is the cornerstone of the work we do. Our process takes into account any existing or potential tax and legal implications in your investment plan to ensure your retirement or estate planning objectives can be achieved.

Investment Philosophy

Our strategy combines a macroeconomic approach with bottom-up security selection utilizing the three pillars - quality, growth, and value. It is designed to produce sustainable above-average returns while accepting fair levels of risk.

Quality

Mid- to Large Cap companies with a proven track record of disciplined and diversified business.

Growth

Sustainable competitive advantage of products and services, strong industry growth trend.

Value

Undervalued by the market or trading for less than their intrinsic or book value.

Equities are primarily invested in medium to large-capitalization companies in North America, Western Europe, Asia Pacific, and Emerging Markets. Fixed-income is primarily investment-grade bonds and asset-backed securities.

Bio

Terry brings you more than 22 years of experience in the financial services industry. Prior to Pegasi, he had a successful career working for a number of top financial institutions in Toronto, Hong Kong, Beijing, and Kuala Lumpur.

Terry specializes in international investing and offers gold-standard for client experience and service performance. Over the years, Terry has helped many of his clients achieve their financial goals.

Terry is a Chartered Investment Manager (CIM) and holds an MBA degree from the University of Iowa - Tippie School of Business.

Discretionary Management

Our process requires a thorough understanding of your investment objectives, financial circumstances, and risk appetite. We then construct an investment strategy that is tailored for you.
