April 2, 2018

Congratulations!

Good as Gold Eggs has been awarded the Snail of Approval by Slow Food West Michigan.

The *Snail of Approval* (SoA) is an emblem of Slow Food West Michigan. It is awarded to restaurants, bars, food and beverage artisans, farms, distributors, and retailers in recognition of their contributions to the *quality, authenticity, and sustainability* of the food supply of the West Michigan region.

We thank you for going above and beyond to contribute to the local food system through your sustainable farming practices providing the community with high quality foods. Your Snail of Approval is valid until 2021. At that time, a Slow Food West Michigan committee will review your SoA for retaining the Snail of Approval recognition.

Along with this recognition you will receive a window cling and the Snail of Approval graphic you can use on your web site or other collateral material.

Sincerely,

Cindee Dresen
