

GAME DAY
August 22, 2025

Satellite High

SCORPIONS

vs

Coach Burke's Two Cents...

"Last week finally came! The Scorps have been working hard in preparation of their first home game and they did not disappoint. They played as a **TEAM** - offense, defense, and special teams came together as **ONE**. Most of all, this team **DESERVED** a win...and they got it!

With that behind us, we watched the game film and have lots of room to continue improving. This week Halifax Academy will provide us with opportunity to get better.

Like every week, **WE** must protect the ball, execute on offense, correct alignment, have good tackling, **ELIMINATE** big plays on defense, and continue to deliver on special teams are our goals.

If we take care of the SCORPS, we should be fine."
