GAHI discussing GES existing proprietary election software, and the development of Distributed Ledger Technology for Voter Authentication, Voter Registration, and Voter Tabulation.

New York, NY -- (Marketwired – June 23, 2019) – Global Arena Holding, Inc. (the “GAHC”) (OTC PINK: GAHC), announced today, that the Company has filed its first quarter financials.

GAHC’s subsidiary, Global Election Services Inc. (GES), provides comprehensive technology-enabled election services to organizations such as labor unions, credit unions, colleges and universities, residential organizations and trade associations. GES’ senior staff has been supervising elections since 1981, certifying its Labor elections with the U.S. Dept. of Labor. The Primary method of elections that GES administers is by Mail Ballot, however GES is also capable of administering elections over the Internet and complies with the Title IV rule of the U.S. Dept. of Labor of Office of Labor Management Standards.

GES has continued to develop a proprietary registration system to authenticate voter eligibility and develop a proprietary tabulation software system utilizing advanced OMR/OCR/Barcode software featuring de-skewing, de-speckling and image correction.

As reported in the GAHC 1st Quarter filing, GAHC announced the following amendments to existing relationships, and announced the following new relationships;

On May 10, 2019, the GAHC entered into an Amended asset purchase agreement with Election Services Solutions, LLC (the “APA”). Under the APA, the GAHC will purchase 100% of the assets of Election Services Solutions, LLC. GAHC will pay \$550,000, of which \$501,150 has already been paid, and issue 20,000,000 common shares to purchase these assets under this APA. The Election Services Solutions customer list and senior management are responsible for much of GES core business. The closing of this transaction will occur upon the approval of certain corporate actions at the 2019 annual meeting.

On May 13, 2019, the GAHC entered into an Amended Master Services Agreement with HCAS Technologies (the “MSA”). Under the terms of the MSA GAHC will issue a total of 30,000,000 warrants to purchase the GAHC common shares at a price of \$0.005 as consideration for the services of HCAS and Mr. Magdiel Rodriguez. Under the terms of the MSA, Mr. Rodriguez will become the Chief Information Officer of GAHC. Mr. Rodriguez has over 25 years’ experience in the areas of Information Security, Enterprise Risk Management and Compliance, Information Technology and Operations including 21 years with Visa Inc. where he performed as Senior Business Leader of Information Security. The closing of this transaction will occur upon the approval of certain corporate actions at the 2019 annual meeting.

On May 13, 2019, GAHC entered into a joint venture agreement with Voting Portals, LLC (VP), a Florida limited liability company. Pursuant to this agreement, the joint venture will be making use of the VP online e-voting web portal solutions and proprietary e-voting software programs to service and fulfill

GES's clients' online elections and other e-voting events pursuant to the terms of the agreement, as well as any other ventures and relationships agreed to pursuant to the goals of the agreement. The Agreement was amended and as part of this agreement, the GAHC will be issuing 10,000,000 common shares to VP for services rendered, upon approval of the corporate actions at the 2019 annual meeting.

GAHC made its first investment into Distributed Ledger Technology commonly known as Blockchain, almost four years ago on October 20, 2015, with an investment into Blockchain Technologies Corp. (BTC). On March 28, 2017, the United States Patent Office issued patents to Blockchain Technologies Corporation covering Election Intellectual Property;

US Patent #9,608,829, Issued March 28, 2017: System and Method for Creating a Multi-Branched Blockchain with Configurable Protocol Rules. GAHC is only an equity investor in BTC.

On June 19, 2019, GAHC announced the GAHC's subsidiary Global Election Services Inc., (GES) has signed an engagement letter with Blockchain Valley Ventures (BVV) of Zug Switzerland. Under the terms of the agreement GES will pay BVV CHF 50,000 and BVV will serve as an advisor in connection with the development of a Voter Registration, Voter Authentication, and Voter Eligibility software platform using Distributed Ledger Technology. BVV will also chair an extended workshop to develop a high-level technology solution architecture and its requirements for the Distributed Ledger Technology based voting registration platform with inputs from third party Distributed Ledger Technology companies; provide documentation of the results in order to provide a Working Paper discussing an envisaged Distributed Ledger Technology platform including a foundational flowchart, and implementation recommendation. BVV will also provide legal facilitation with respect to outside tax and legal advisors in connection with compliance with local and international regulation. BVV is a Crypto Valley, Switzerland based venture capital firm consisting of finance experts, Distributed Ledger Technology experts with Utility Coin, and Initial Coin Offering experienced analysts and consultants. The documents created will be used by GES, to create a Minimum Viable Product. This Product, along with GES licensing rights on GES existing Registration and Tabulation Software will be owned by GES, GAHC's subsidiary.
