Authorized and paid for by the Chad Bennion Campaign.

Chad Bennion knows that if you provide health insurance to illegal immigrants, they will come. He would not vote to do so. However, his opponent, the current senator, did just that!

A different kind of campaign. A different type of Senator for Utah's Dixie.

Being a **Senator** means making tough decisions and taking hard votes!

It isn't easy being a State Senator. Sometimes you have to put your foot down and say no, *even when it is hard*. But the incumbent Senator did not do so. In the 2023 legislative session, our incumbent State Senator, who has been in office 16-years, **voted to extend medical benefits to immigrants** under the age of 19 even though they are not in the U.S. legally (*go to the QR code below to see how the Senator voted on SB 217*).

SB 217 strikes the language "Is a citizen of the United States", *see line 69 from Utah law, (go to the QR code to read the bill)*. Why Chad values all children, you just can't create an incentive that costs millions of dollars and encourages people to cross our borders illegally! Chad Bennion will be a Senator who will oppose legislation that gives away your hard-earned tax money to illegal immigrants!

NOTE: Utah Code 20A-9-206 references Fair Campaign Practices. Chad has signed this pledge along with his opponent. It states in part that a candidate for office may *criticize without fear or favor, the record and policies of their opponent that the candidate believes merit criticism*. Chad knows his opponent vote on this issue merits criticism!
