

## Bennion Wins 1983 St. George Marathon, now he is running a different **kind** of race.

To run a marathon or to serve in office, you need passion, perseverance, and courage. You need to train hard, face challenges, and break through barriers. Not everyone has the desire or inclination to do so.

Bennion is running for the Senate to protect Utah's Dixie and our conservative values. He won't play games or cave to special interests. *The incumbent, who has been in the Utah Legislature for 16 years,* did so when he sponsored enabling legislation leading to the name change for Dixie State University. He ignored the voices of his constituents, who overwhelmingly opposed the change.\* While saying he opposed the legislation, he did everything he could do to facilitate its passage. He ran up the white flag and surrendered to political correctness and woke ideology. Bennion promises to fight for you, our rights, our history, our communities, and our institutions. He will cross the finish line for you and your values."

  
**Bennion**

**Utah Senate**

**A different **kind** of campaign.  
A different **type** of Senator.**
