

# Why do office holders **negatively** campaign? Because **it JUST might get them re-elected!**

*When an office holder can't defend his voting record, resorting to negativity becomes tempting. The incumbent Senator and his surrogates in this campaign are taking this route and making mean-spirited *personal* attacks.*

In a flyer sent to all Republican households, the Senator's surrogates say Chad lobbied for the alcohol industry. *This is a BOLD face lie! The alcohol industry favored the passage of the legislation, Chad opposed it!* Here are the facts: Chad was helping a friend who owned a small microbrewery. His friend opposed the passage of SB 132 because it favored the big brewers. SB 132 raised the alcohol limits in beer from 3.2% to 4%. *Many community and church organizations opposed the legislation. Truth matters Senator and facts are stubborn things!*

When you go up against a self-proclaimed **"POWERFUL"** incumbent who throws mud because he lost the delegate vote at the GOP County Convention after 16 years in office, you better bring a sling and polished stones! **The Senator and his surrogates neglected to tell you in their blatantly false attack on Chad, that the Senator voted with the alcohol industry to increase the percentage of liquor in beer.** Go to the QR code below to see the incumbent's vote on the legislation.
