Chad Bennion is running a different kind of campaign and will be a different type of Senator. He will be as passionate about the issues as the citizens he seeks to represent. He won't play **POLITICAL shell games!**

After 16 years in office, the incumbent has lost his passion and was not loyal to us on the “Dixie State University” name change issue. Here are the **FACTS**:

The Senator sponsored flawed legislation giving the University and its trustees the power to recommend a name for “Dixie State University”, rather than let the citizens have the ultimate say. As a result, the citizens were all but cut out of the process. The University President showed his contempt towards the public when he declared that the University does NOT belong to the people. Perhaps the good President forgot who funds state schools?

At a critical moment in the voting process, our Senator failed to vote. He chose to wait until everyone else had made their decision and the bill had enough votes to pass the chamber. If he had voted when he should have, and given an impassioned plea, he could have won the day for the people of our District and we would still have our beloved “Dixie State University” name.

State
Universtiy**
