

LIGHTWAY

DATA CENTER LIGHTING REIMAGINED

<< **CCI** >>
CRITICAL COMPONENTS, INC.

The New Standard in Data Center Lighting

770.933.5511 | LIGHTWAYLED.COM

3 TO 4 TIMES HIGHER FOOT CANDLE LEVELS

Conventional Foot - Candles

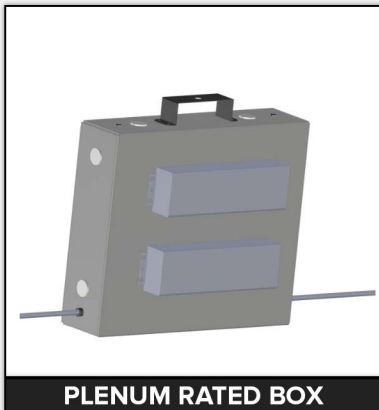

Lightway Foot - Candles

LIGHTING CRITICAL FACILITIES BETTER

- >> High Lumen Output Provides More Light Where It Is Needed
- >> Lightweight & Low Profile
- >> Hot Aisle Certified To 122 Degrees
- >> Continuous Illumination
- >> Patent Pending Design

FAST & FLEXIBLE INSTALLATION

PLENUM RATED BOX

BUSWAY TAP BOX

ROOMSIDE VENTED BOX

Continuous channel Construction allows Lightway to be easily hung anywhere
 Various hangers and mounting brackets are available based on your specific requirements

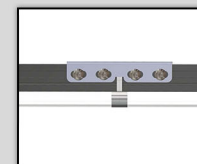

LIGHTWAY LED AISLE ILLUMINATION

PERFORMANCE

LENGTH	CCT	CRI	WATTS	LUMENS	EFFICACY
Per 4 ft.	5000K	80	5-8/ft.	720-1100/ft.	135.6

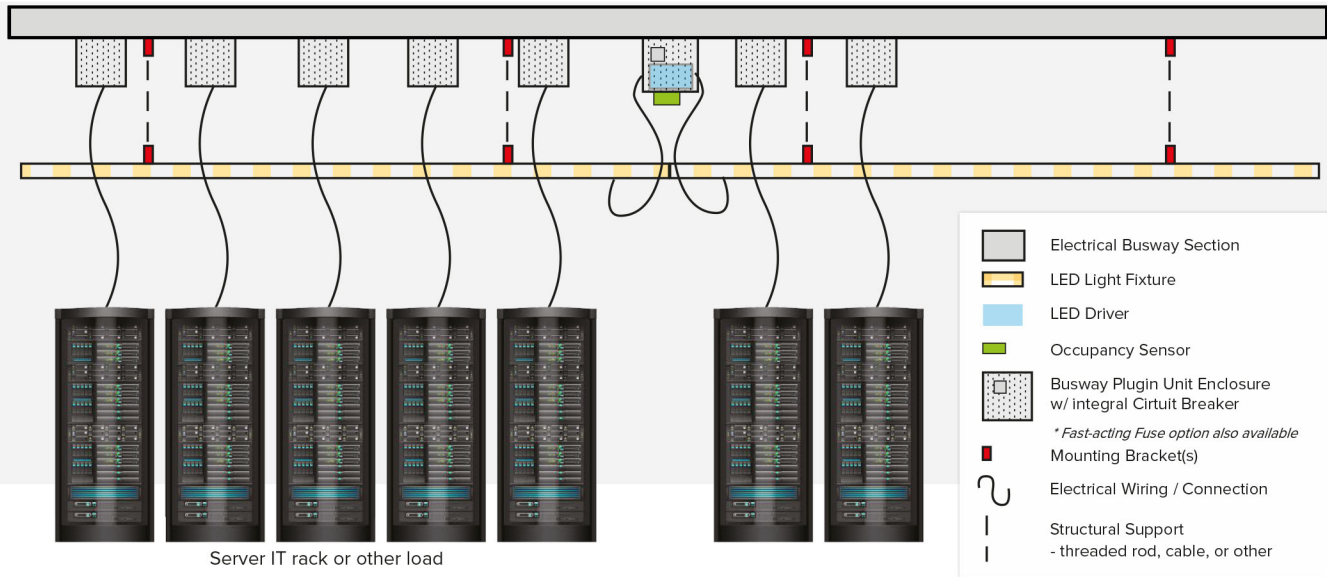

APPROVALS

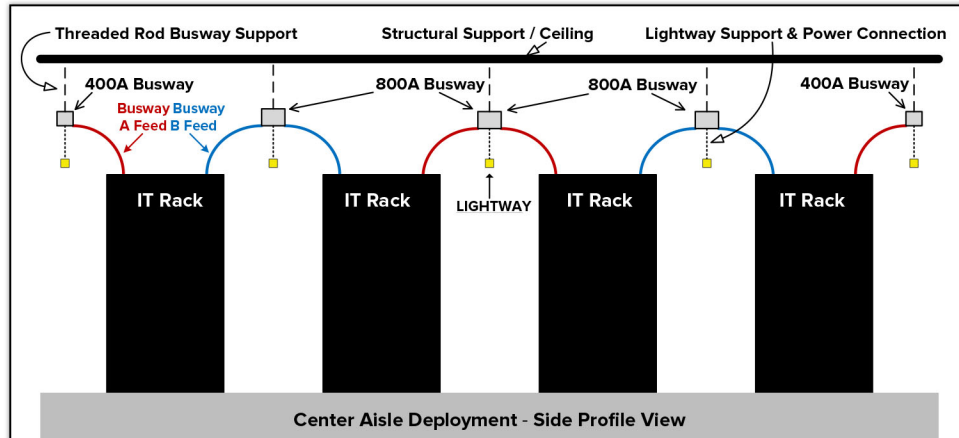

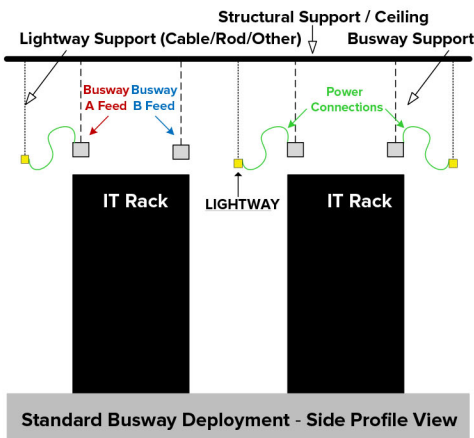

Complies with UL1598 and CSA22.2

- >> Best In Class LEDs With 3000K, 3500K, 4000K, 5000K (80 or 95 CRI)
- >> Voltage: 120-277V (50/60hz)
- >> Proprietary Frosted Acrylic Lens Eliminates Pixilation Of LEDs

Lightway Installation - Front Elevation View

CENTER AISLE DEPLOYMENT™

MAXIMIZE EFFICIENCY VIA BUSWAY LAYOUT

Center-Aisle Placement of Busway CapEx Benefits

- >> Consolidate Power & Lighting In A Single Vertical Plane
- >> Separation Of Power From Data And/Or Mechanical/HVAC
- >> Cost Savings By Doubling Ampacity Of Center-Aisle Runs, Allowing For Fewer Runs Of Busway And Faster Installation
- >> Eliminate The Need For Dedicated Transformers, Panels, Conduit, And Wire

**The revolutionary way
to illuminate today's
data centers**
