

Face Frame Styles

Standard

- 2" Stiles and Rails
- Doors and drawer fronts overlay the frame 11/16" on all sides.
- 5/8" reveals between doors and drawer fronts (Larger gap between doors and drawers)
- 1/8" reveal between pair doors

Semi-Faceless

- 1 1/2" Stiles and Rails
- Doors and drawer fronts overlay the frame 11/16" on all sides
- 1/8" reveals between doors and drawer fronts
- 1/8" reveal between pair doors
- "Tight reveal" look

<u>Inset</u>

- 1 1/2" Rails and 2" Stiles*
- Doors and drawer fronts are set inside of frame with 3/32"
 Spacing around them
- 1/8" reveals between pair doors.

Face Frame Styles

Beaded Inset

- 1 1/4" Top Rails with 5/16" Bead
- 1" Middle rails with 5/16" Bead
- Doors and drawer fronts sit inside flush with face frame.
- 1/8" reveals between doors and drawer fronts and surrounding bead.
- 1/8" reveal between pair doors

Full Overlay

- 13/16" End Stiles with 1 1/2" and 1" Stiles and Rails
- Doors and drawer fronts overlay the frame 11/16" on all sides
- 1/8" reveals between doors and drawer fronts
- 1/8" reveal between pair doors
- Very minimal amount of Face Frame showing.
- Fillers in corners and against walls.

Euro (Frameless)

- No Face Frame
- ¾" Plywood Construction
- Taped Edges on Doors and Cabinet Ends
- Plywood Doors w/ Veneer
- 1/8" reveals between doors and drawer fronts
- 1/8" reveal between pair doors

Cabinet Construction Materials

-Face Frame

- → Widths vary depending on style
- → Solid hardwood
- → Frames are pinned and glued to cabinet box for strength and stability.

-Cabinet Box

- → 3/4" thick plywood (5/8" when needed)
- → 1/4" thick plywood backs
- → Interior finish
 - Pre-finished maple
 - Melamine
 - Exposed (matches wood species)
- Exterior Finish
 - Unfinished
 - Natural (Clear Coat)
 - Stained
 - Painted

-Drawer Box/Rollouts (pullouts)

- → 1/2" Prefinished maple/birch plywood sides*
- → 1/4" Prefinished maple/birch bottom*
- → Drawer boxes are constructed with dovetail joints
- → Hardwood boxes available upon request (prices vary)

*Can change depending on interior finish

i.e. melamine

-Adjustable Shelves

- → 3/4" Thick plywood
 - Prefinished Maple with taped edge
 - If open or glass door cabinet, plywood would match wood species

-Standard Hinges

- → Blum 110 Soft Close
 - Concealed
 - Three dimensional adjustment
 - Simple tool-free assembly
- → If another hinge style is desired, please just ask and we will let you know if we are able to make it work

-Standard Drawer Guides

- → Blum Tandem Soft Close Guides
 - Under mount hidden guides
 - ◆ 100 lbs load capacity
 - Full Extension

Door Selection Guide

Choosing the right door can be daunting at times. So we have simplified things for you! There are four different details we will ask you to pick out.

Door Style

- This is the overall style of the door, you can choose many different styles from Shaker to Mitered with applied molding.
- The doors will be the most used and viewed part of your cabinetry.

Door Edge

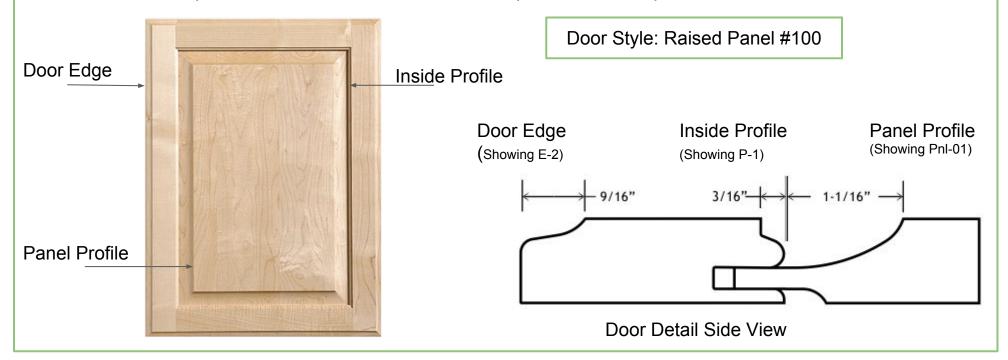

- This is the detail that will be on the outside of the door. It can range from just a square edge, to an ogee, and many styles in between

Inside Profile

- This detail is on the inside of the doors where the styles and rails make a transition to the panel.

Panel Profile

- This describes the panel on the inside of the door. This detail is only selected if a raised panel door is chosen.

Door Styles

-Shaker Door Styles (Our most popular style)

*To see all available styles please call or email.

Wood Species

Please take into account that variations occur in wood color and grain. No two trees are identical.

These pictures are an approximation of color and grain for woods available. Please view samples in person before making decisions. Exotic species may be available please call or email to ask about availability.

Finishing

MH Custom Cabinetry partners with Holleman Brothers Finishing for all of their finishing need. For more information please visit hollemanbrothersfinishing.com

- Holleman Brothers uses a Conversion Varnish product to provide a smooth and consistent finish that can stand up to the daily wear and tear your cabinets will be exposed to.
- There are 8 Standard Stains that we offer along with the ability to match any stain or paint you want.
- We have the ability to use oil or water based stains.
- Customers can choose from 4 different finishing enhancements to allow their own personal touch to their cabinetry. Because these enhancements might affect stain or paint color we highly recommend viewing a sample in person.

| Glazing | Antiqued | Sand-Thru | Distressed |
