

# Catering Boxes

Upgrade your catering presentation with stylish drop off catering boxes from Marquee Products™

The look of your catering presentation impacts how people perceive the quality of the food inside so make sure it's great! Semi-custom corrugated catering solutions from Marquee Products™ help your product look its best, drive brand awareness and lead to repeat orders.

## FEATURES AND BENEFITS

- Keeps food hot or cold thanks to the insulating properties of corrugate
- Integrated handles in corrugate promote safer transportation of hot catering trays
- Custom printing available directly on the box or on a label promotes your brand
- All boxes made for standard brown kraft corrugate
- Unique custom box sizes and styles available with reasonable minimums
- Boxes ship flat for storage efficiency
- Corrugated boxes are recyclable and fabricated from up to 75% post consumer recycled material.
- Water based inks are used on all custom printing

## MANUFACTURING EXCELLENCE

Each Marquee Products™ Box is expertly crafted in a state-of-the-art, environmentally responsible plant. Exacting quality control standards ensure each box exceeds your performance expectations.

BOX

## POP-UP CATERING TRAY - SD

The Pop-Up Catering Tray – SD is a standard depth box that accommodates either one large full size or two half size traditional aluminum catering trays. The box lid folds closed to allow for stacking, heat retention and easy transportation then folds open for an enhanced presentation display. Side handles standard. Custom printing available.

## POP-UP CATERING TRAY - XD

A versatile box, the Pop-Up Catering Tray – XD offers a deeper design to accommodate stacked catering trays, wrapped sandwiches, the optional Carrier Insert for square deli containers, or a variety of other prepared food items. Accommodates one large full size or two half size traditional aluminum catering trays. Alternatively, you can mix and match to use one Carrier Insert and a half size catering tray. Like the Standard Depth box, the lid folds closed for transportation then opens for a full display. Custom printing available.

## POP-UP CATERING TRAY - CARRIER INSERT

Use the Carrier Insert with the Pop-Up Catering Tray – XD to display and transport side dishes, condiments or a variety of other food items that fit in standard square deli containers. Each Carrier Insert contains six openings each 3-3/4" square. Two Carrier Inserts are needed to complete a Pop-Up Catering Tray- XD with a total of 12 spaces for deli containers.

## GABLE BOX WITH HANDLE – HEAVY DUTY

This traditional gable box with handle is made of heavier duty kraft corrugate to support a wider range of applications including catered soups, dressings, side dishes, bakery items, box lunches and more. Fitted with an auto bottom, this medium sized box provides versatility, ease of use and a quality construction. Custom printing available.
