3. Procedure to Restrict

1. Unreasonable complaints are documents and when the complaints are deemed unreasonable the case is brought to Council for consideration to proceed.
2. If Council decides to consider a restriction process, the Complainant is given advance notice in writing, of the restriction being considered, the reasons behind the consideration to restrict, the type of restriction and the timeframe the restriction will apply.
3. In regard to Procedural Fairness, the Complainant is invited, in writing, to refuse the reasons for the impending restriction. A deadline for such a reply is established by Council and communicated to the Complainant.
4. At the next RV Council meeting after the established Complainant reply deadline, Council will discuss, in closed session, any action to restrict. If, in consideration of the Complainant's reply, Council decides to restrict service, a decision of Council will be made in an open and transparent manner, with respect to protection of personal information. The decision of Council will be communicated to the Complainant, outlining the restricted service and the nature and length of the restriction.
5. Should the Complainant disagree with the Council's decision, they will be advised to contact the Saskatchewan Ombudsman.
