2024 Water and Waste Collection Rates

Resort Village of Aquadeo

The Resort is changing the water rate to better cover the cost of water operations. Billing will be done quarterly with penalties incurring after 30 days if left unpaid.

Water payments for the 2024 year will be \$112.50 per quarter. The water infrastructure fee will be \$30.00 per quarter. Your waste collection fee will now be included on your Utility Notice, if you do not have water, you will still receive a notice for the Waste Collection Fee. The Waste Collection fee will be \$18.75 per quarter

You will be able to pre-pay, pay in full, make separated payments, or make monthly payments with Pre-Authorized Debits.

For a better understanding on what other community's water rates are, we did some research and have received rates from 5 different communities that are similar to us, they are all metered. The communities we used are Biggar, Cochin, Meota, Kindersley, and Glaslyn.

Water Usage Fact

According to the Government of Saskatchewan's website on the Water Consumption and Conservation in 2021 the average water usage per capita was 343 liters per day. In 2020 the average usage was 329 liters (14 liter increase), if we use a 14 liter increase per year that makes the average water usage 371 liters per capita in 2023.

343 Liters is approximately 75 gallons, or 0.343 cubic meter.

2024

Town/Village 1 Water Rates

There is a flat fee of \$139.50 and a rate of 5.25 per cubic meter for usage (\$23.86/1000 gallons) paid quarterly.

Resort Village of Aquadeo

The Resort Village of Aquadeo has taken out the discount for early payment (January – July) and instead gave until Sept 30th as a deadline before penalties are incurred on current taxes.

Penalties are 2% per month for unpaid taxes beginning October 1st.

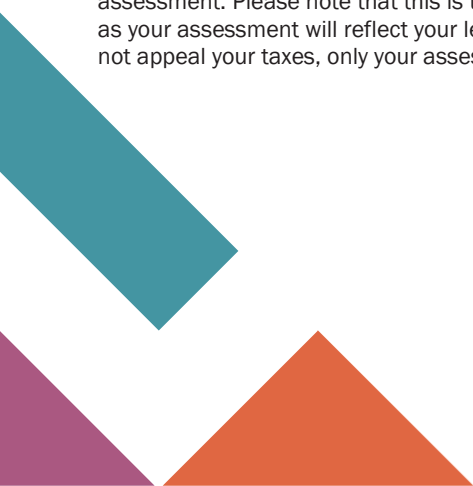

You will be able to pre-pay, pay in full, make separated payments, or make monthly payments with Pre-Authorized Debits (PAD). Please note that the PAD option does not get penalized with the 2% per month.

Payment can be paid by EFT, Credit, Debit, Cash, or Cheque.

Waste Collection has been removed from the taxes to the Utility Notice, and the Deep-Water Line (DWL) fee is also no longer on the taxes. As the DWL is paid in full for those who opted into the program.

There is a local library levy on the taxes, which is something that the village has to pay on the resident's behalf to the library each year, whether we have one in the community or not.

Assessments are being worked on and we ask that you watch for the assessment notice in the mail or by email. Once received you will have 30 days to appeal your assessment. Please note that this is the time to appeal as your assessment will reflect your levy and you can not appeal your taxes, only your assessed value.

If you feel like your assessed value is too high or low, we encourage you to appeal in order to reflect the proper value of your property.
